THE MENNONITE BOARD OF EDUCATION, FEB., 1945

FIRST ROW: O. O. Miller, Anson G. Horner, J. B. Smith, D. A. Yoder, C. F. Yake, Oscar Burkholder.

SECOND ROW: Edwin J. Yoder, Perry J. Blosser, Milo Kauffman, Ernest E. Miller, John R. Shank, Silas Horst.

THIRD ROW: Amos O. Hostetler, John R. Mumaw, H. A. Diener, Jesse Short, C. L. Graber, Nelson Kauffman, D. D. Driver, Menno Snyder.

FOURTH ROW: I. W. Royer, H. S. Bender, J. C. Fretz, S. M. King, A. J. Metzler, Silas Hertzler, John Lapp, William Hallman, Wilbert Nafziger, H. R. Schertz.

An incorporated board of trustees has been continuously in charge of Goshen College and its predecessor the Elkhart Institute during the entire fifty years of its history except during the first three years, 1895-1898. The Elkhart Institute Association, organized in 1895, incorporated in 1898, was succeeded in 1905 by the Mennonite Board of Education. Hesston College and Bible School was founded by this Board in 1908, and has been operated continuously by it to the present time.

The Board of Education is composed of trustees elected by each co-operating conference, one trustee for each 3,000 members. It is church-wide in scope, and all the members give their service gratis. They are bishops, ministers, and laymen from various occupations—farmers, teachers, editors, publishers, manufacturers.

Of the large number of elected board members, forty-four have served ten years or more. Of these the following have had outstanding terms of service: D. D. Miller (1906-1941), S. F. Coffman (1906-1939), Aaron Loucks (1906-1933), D. H. Bender (1906-1929), D. G. Lapp (1908-1928), S. C. Yoder (1916-1940), D. A. Yoder (1912-), O. O. Miller (1920-).

The Mennonite Board of Education comes to the church in behalf of the schools. Surely no Mennonite minister or layman has any difficulty in realizing that the work of Goshen and Hesston Colleges goes hand in hand with the work of the church and of our Lord Jesus Christ. "How then shall they call on him in whom they have not believed? and how shall they believe in him of whom they have not heard? and how shall they hear without a preacher? and how shall they preach, except they be sent (Rom. 10:14, 15)? One of the crying needs today in the Mennonite Church is for more preachers, more workers, more missionaries that the church might send. And surely no one wants to send them until they are prepared. To prepare them is the work of our colleges.

The Board also appreciates the live interest throughout the church in the work of the schools. Again and again the Board's representatives meet people who give money for school purposes, but who say they have never visited the schools. The least one can say of this fact is that these people want to uphold the work of the church as represented by the schools. Even though the schools seem somewhat distant to many of them, when the needs are clearly stated, they respond with vigor and enthusiasm. Such people love the Lord and His church, and when the leaders point the way they are ready to follow. The Board sincerely thanks all those ministers who have helped the cause along, either as individuals or as officials or in both capacities.

THE FINANCIAL PROGRAM FOR 1945-1946

(1) Co-operation with the Conferences:

The Mennonite Board of Education has the confidence that the church will give adequate and regular support to the schools if the schools give adequate and regular service to the church. The Board desires to co-operate with the various conferences to promote continued good understanding.

(2) The Observance of Christian Education Day:

The Board's Executive Committee has set the date for Church School Day as September 9, and hopes that every church in the constituency will observe this day; or another day if this date is not suitable:

(a) To consider the need and the importance of Christian education.

(b) To provide an opportunity through which necessary finances can be raised.

It seems most fitting to observe this day in the churches at the time the children return to grade schools, boys and girls to high school, and young people leave for college. What a wholesome impetus when the church gives its united attention to the schools for one day.

(3) Operating Funds to Be Raised by Offerings: \$25,000.

For current operations at Hesston and Goshen, and for the Board's expenses a total of \$25,000 will be needed during 1945-1946. The Board hopes that each church in the constituency will raise its proportionate share by means of offerings on Education Day, or at other suitable times.

(4) Solicitation for Special Projects:

For Hesston's dormitory and for Goshen's auditorium-gymnasium, the Board plans to continue the solicitation of individuals personally wherever advisable, to receive donations for these building funds.

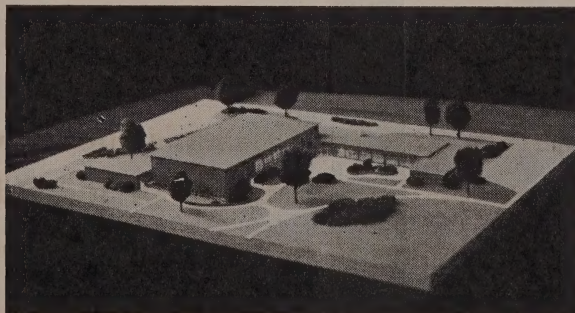

(5) The Board desires to co-operate with the Alumni Associations of both colleges in keeping an accurate record of all alumni gifts.

POSTWAR BUILDING PLANS

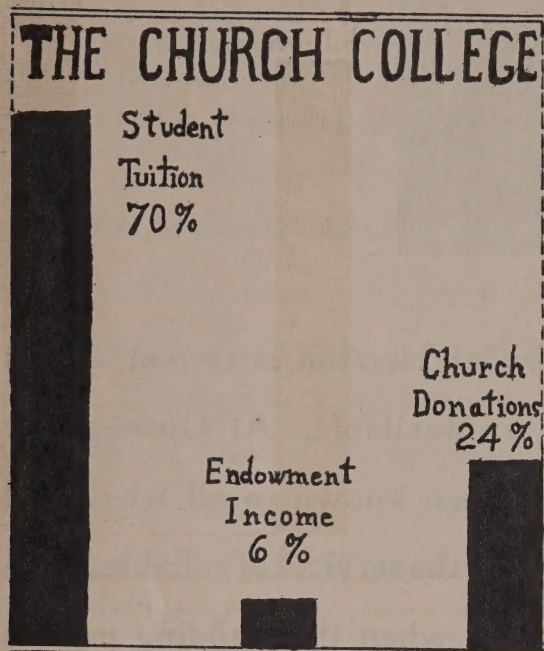

Architect's Drawing
of Proposed Girls'
Dormitory at Hesston
College

The need for a new Girls' Dormitory at Hesston is urgent and it should be built as soon as materials are available. At Goshen, the need for a large auditorium has long been known to all friends of the college. Both schools have employed the services of reliable architects, and the detailed plans will be ready when the building can be done. It is hoped that restrictions on building will not be long delayed. Both these projects are years overdue, but by now they are definitely assured by the liberal gifts already made. As stated, solicitation for these improvements will need to continue, and each school will in due time issue an appropriate leaflet giving specific and detailed information.

THE CHURCH COLLEGE COMPARED WITH THE STATE COLLEGE

Sources of Operating Income at Goshen College, 1943-1944. Hesston College figures would be similar.

In the church college students pay six times as much tuition as in the state college.

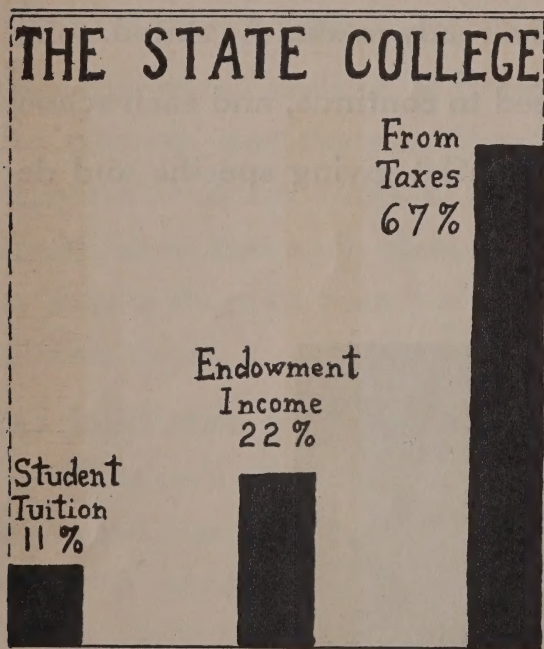

In the state college the taxes pay a large percentage of student tuition.

The endowment income of Goshen and Hesston Colleges pays a very small percentage of the expenses.

The church college cannot receive tax monies, hence depends on endowment interest or donations for needed income above tuition.

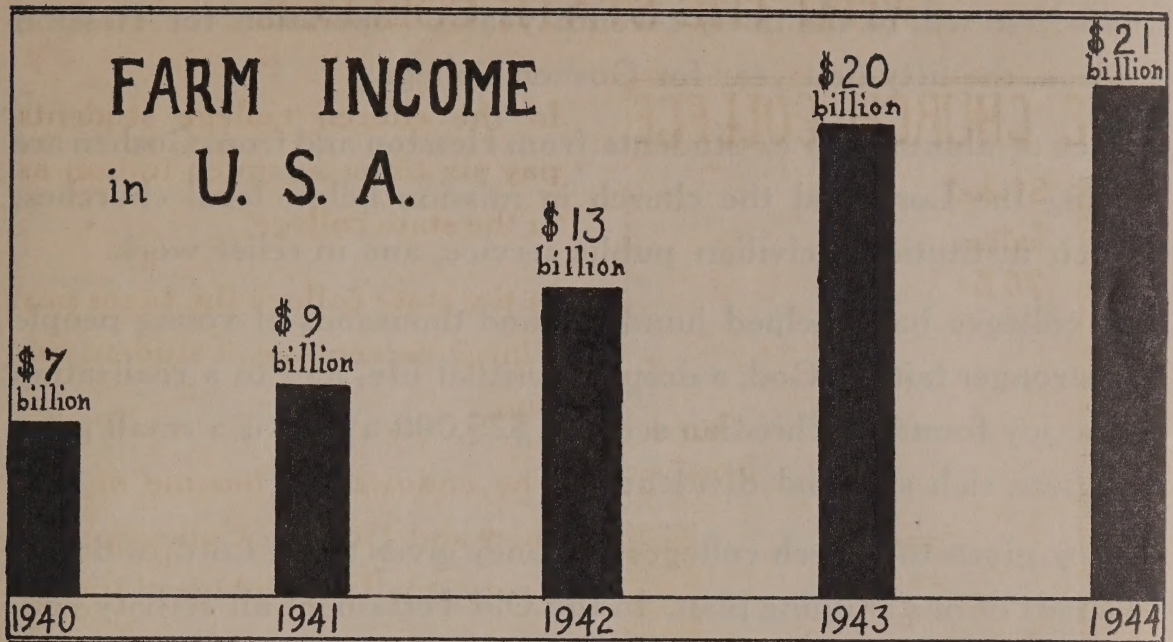

To ask students to pay the total cost of their education would be the same as inviting them to attend a state college.

All churches who seek to extend the kingdom of Christ through evangelism, missions, relief, and Bible teaching **MUST** have their own schools. They cannot depend on the state colleges to train the **workers**.

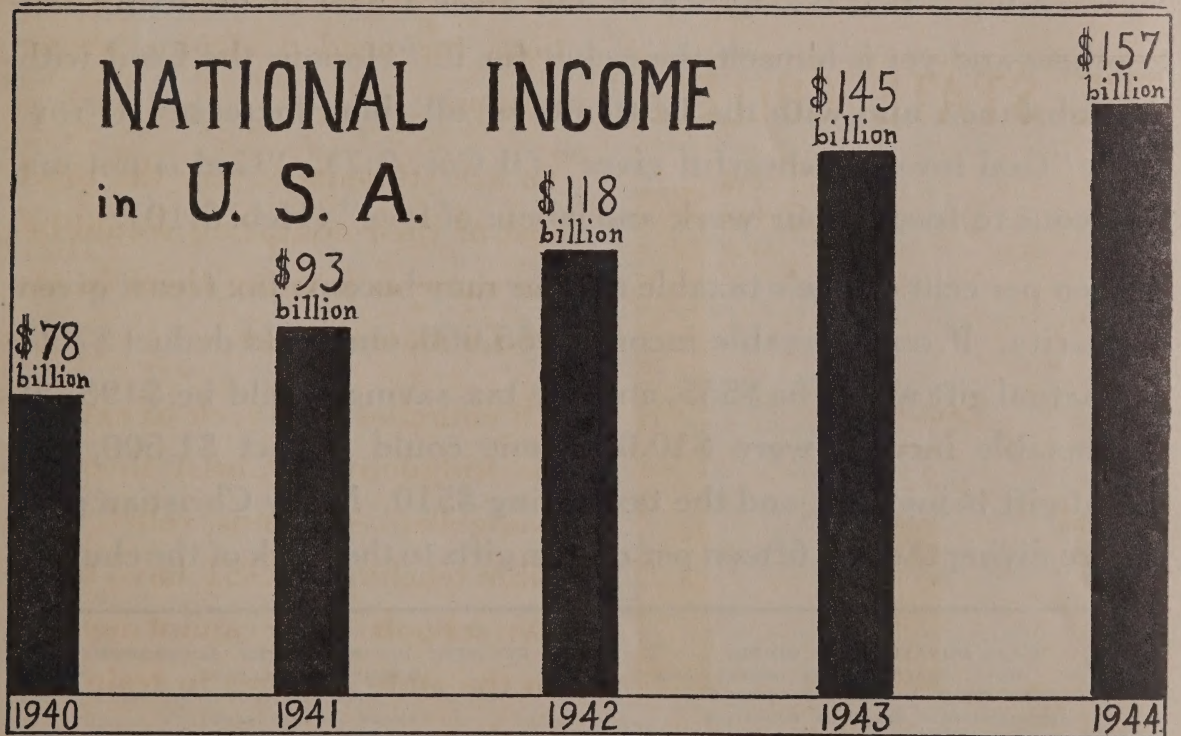

Sources of Operating Income in One Midwest State College, 1943-1944.

WHAT THE WAR HAS DONE TO INCOME

The blight of blood money is upon this generation. A civilization that buys prosperity with the lifeblood of its youth and the destruction of property is making a costly bargain. It is encouraging to note that the majority of our church people favor the liquidation of church debts now, the support of civilian public service, the accumulation of relief funds and cash balances in church treasuries.

Both Goshen and Hesston Colleges have in recent years been freed of old operating debts, have had repairs and improvements made. Hesston last year built "The Bungalow," and Goshen is now in process of installing a new centralized heating plant. What better emblems could there be of the wise use of wartime profits?

THINGS TO REMEMBER

1945-1946 will be the thirty-seventh year of operation for Hesston College, the fifty-first year for Goshen College.

Scores of alumni and ex-students from Hesston and from Goshen are serving the Lord and the church in mission fields, local churches, church institutions, civilian public service, and in relief work.

The colleges have helped hundreds and thousands of young people to a stronger faith in God, a deeper spiritual life, and to a realization of the joy found in Christian service. \$25,000 a year is a small price for these rich spiritual dividends.

Money given to church colleges is money given to the Lord, and may be a part of one's tithing plan. In the Old Testament all activity connected with the Tabernacle and the Temple was supported by the tithe. In the New Testament all activity under the church may be supported by the tithe.

Stewardship is that law by which one gives a part of his living self to others and yet is himself the richer for it. "Honour the Lord with thy substance, and with the firstfruits of all thine increase" (Prov. 3:9). "God loveth a cheerful giver" (II Cor. 9:7). "God is not unrighteous to forget your work and labour of love" (Heb. 6:10).

Fifteen per cent of one's taxable income may become tax free if given to charity. If one's taxable income is \$5,000, one could deduct \$750. The actual gift would be \$555, and the tax saving would be \$195. If the taxable income were \$10,000, one could deduct \$1,500, the actual gift being 990, and the tax saving \$510. Many Christian people are giving the full fifteen per cent in gifts to the work of the church.

THE ALUMNI NEWS-LETTER

CURRENT FINANCIAL CAMPAIGN

The Projected Auditorium-gymnasium

With their usual promptness and generosity, alumni are responding to President Miller's appeal for funds to erect a building to provide seating space for the increasingly large audiences that crowd into the Administration Building on special occasions and to accommodate the growing recreational and intramural athletic program.

One or more representatives of every college class have already sent a cash contribution. President Miller has received a large number of pledges to be paid during the next few months. In the list of contributors published below only those appear who have made a cash contribution. If your name has been overlooked, please send a card to the editor of the NEWS LETTER and your name will be printed in the next issue, when additional cash contributions will be listed.

If you have not sent your contribution, there is still time. The need for a new auditorium is urgent. And, if the College is to provide adequate recreational and physical training facilities to promote and guard the physical and mental health of students, a new gymnasium is an equally urgent necessity.

During the recent Christian Life Conference every available bit of seating space in the auditorium, wings, and balcony was occupied. In addition a large number of guests occupied chairs in the lobby and in classrooms where loud speakers had been installed. Attendance at lectures also taxes the seating capacity to the limit. When the lecture is illustrated with pictures, many of the seats do not afford a good view of the platform. In fact, attendance at lectures is definitely limited by the lack of good seats.

The gymnasium, built a quarter of a century ago, has been made more comfortable and serviceable by installing a heating system and by insulating the side walls, but it is entirely inadequate. Only one class can use it at one time; it has no sanitary arrangements or showers, and it is poorly equipped for any recreational activities except athletic games.

Your dollars invested in the new auditorium-gymnasium will serve many generations of Goshen College students and provide your Alma Mater with the facilities to render a necessary cultural service not only to the college community but to the general Mennonite community of the entire Middle West. The large auditorium on the main floor, and the room for smaller meetings and the kitchen in the basement will provide comfortable and convenient accommodations for various types of church gatherings.

HOMECOMING

It seems a little late to be mentioning the 1944 Home-coming, but for the sake of historical completeness the editor wishes to record that it was one of the largest and most successful Home-comings during recent years. An unprecedented number of alumni and friends returned to the campus to enjoy the events of the Home-coming week end.

High lights of the 1944 Home-coming: Sermon by Dr. Sanford C. Yoder, the all-time record attendance at the Home-coming banquet, the concert by the College Choruses under the direction of Professor Walter E. Yoder 33 on Thursday evening, the lecture by Dr. Benjamin Gerig of the class of 1915, now of Washington, D.C., on the "Dumbarton Oaks Proposals," the Saturday evening Musicales, and the Sunday morning sermon by President Ernest E. Miller 17. Speakers at the banquet program were: J. Harold Smith 31, Goshen, toastmaster; David Shank x46, C.P.S., Denison, Iowa; Dr. Ernest Smucker, M.D., 41, Cook County Hospital, Chicago; Alice Yeater 43, Grovertown, Indiana; and Millard Lind 43, Boone Grove, Indiana.

"Y" ELECTS OFFICERS

At the regular weekly devotion on Thursday, March 8, Harold Bauman 46, son of Mr. and Mrs. Norman Bauman 19 (Ella F. Shoup 16), of Leetonia, Ohio, was elected president of the Y.M. and of the Y.P.C.A. Elizabeth Hershberger 46, daughter of Professor and Mrs. Guy F. Hershberger (Clara Hooley 17), of Goshen, was elected president of the Y.W. and vice-president of the Y.P.C.A. Other Y.M. officers are: Ray Bair 48, secretary, and Paul Friesen 46, treasurer; for the Y.W., Marie Moyer 48, secretary, and Grace Miller 48, treasurer.

EDITORIAL CHAT

This year, the Golden Anniversary year, when the College is putting on a campaign to build an Auditorium-Gymnasium, a larger building by far than any on the campus—this is the year to observe the Alumni slogan, "Every Alumnus a Contributor Every Year."

It still is not too late to send in your correct address and marital status, if married, for the **Golden Anniversary Alumni Directory**. In a work of this type errors are bound to creep in. The editor will appreciate your assistance in keeping errors and omissions at a minimum. The printing of the Directory may be delayed until after Commencement. Eighty-nine hundred names mean a lot of addresses to secure and to check.

GOLDEN ANNIVERSARY CELEBRATION

Arrangements for the celebration of the Fiftieth Anniversary of the founding of Goshen College as the Elkhart Institute in the spring of 1895 are now taking definite form. At a recent faculty meeting the Commencement calendar was changed to make room for several extra programs. The following events have been placed on the schedule for the Fiftieth Anniversary Commencement Week:

Thursday, April 26	Th.B. Graduation Program
Friday, April 27	College Class Program
Saturday, April 28	Alumni Day (Program to be arranged)
Sunday, April 29	2:00 p.m., Program provided by the Mennonite Board of Education
	7:30 p.m., Baccalaureate Sermon
Monday, April 30	9:30 a.m., Final Chapel and Y.P.C.A. Anniversary Program
	12:15 p.m., College Luncheon
	2:00 p.m., College Chorus Program of favorite A Cappella numbers
	7:30 p.m., College Anniversary Program
Tuesday, May 1	10:00 a.m., Commencement Exercises

The only program worked out in detail at present is the Golden Anniversary Program of the College for Monday evening, April 30, at 7:30. This has been arranged tentatively as follows:

Invocation—J. S. Hartzler
 Numbers by A Cappella Chorus

Address: "A Half Century of Service"

"Through the Years"

Brief remarks by all the former Presidents

Numbers by A Cappella Chorus

Address: "Serving the Future,"

President Ernest E. Miller

Benediction—Sanford C. Yoder

"The Lord Bless Thee"—A Cappella Chorus

Another feature of the anniversary celebration is the preparation of a souvenir anniversary booklet of forty-eight pages containing a large number of pictures and a limited amount of descriptive material. The pictures will include former presidents and deans, faculty members who have served for a considerable period, views of the campus showing progress through the fifty years, some pictures of student organizations and similar material. Since a limited edition of this booklet is being printed, Alumni should write to Dean Carl Kreider, the editor, if they wish to be certain that a book will be reserved for them.

The Alumni Association is preparing a Fiftieth Anniversary Directory, which is to contain names, not only of graduates but of all former students of the Elkhart Institute and Goshen College. So far as possible it will give also the address and present occupation of each alumnus. This edition of the directory will contain over 8900 names.

ALUMNI BOARD MEETS

The Board of Directors of the Alumni Association met in the Mennonite Historical Library on December 16, for a special business meeting. The Directors discussed Alumni participation in the celebration of the Fiftieth Anniversary of the founding of Goshen College, the Alumni Anniversary program on April 28, Alumni participation in the campaign for raising funds for a new auditorium-gymnasium, and the Fiftieth Anniversary Alumni Directory. For the first time in twenty years there was a one hundred per cent attendance at the Directors' meeting. Plans for the Alumni Reunion on April 28 will be completed within the next few weeks.

VOLUME OF POETRY WINS RECOGNITION

Charles R. Stump's volume, *Arbor-Nooks of Memory*, has been reviewed in "The Publisher's Review," New York, and as a result the author has been invited to join The Eugene Field Society as an honorary member. A New York broadcasting company has requested the privilege of featuring it. The subtitle, "Poems of Youth and Home, of Earth and Sky and Fields, of Everyday Living," conveys an idea of the nature and scope of the contents. The author was a student at the Elkhart Institute and a brother of the late Harvey L. Stump 10. He is also an alumnus of Marion College. He is president of the South Marion Furniture Company, Inc., of Marion, Indiana.

REVIEW OF MRS. EDITH MORGAN'S BOOK

Professor John C. Wenger reviewed the book by Mrs. Earl M. Morgan (Edith Wenger 09) in the September issue of the *Mennonite Historical Bulletin*. Dr. Wenger writes:

"In a delightful little book of forty pages Edith (Mrs. Earl) Morgan of Rubio, Iowa, has written an autobiographical sketch of her father, the late Solomon B. Wenger of South English, Iowa. S. B. Wenger was born in Virginia in 1857. He therefore remembered the Civil War days as a small child: the consternation among the adults of John Brown's raid at Harper's Ferry and the various experiences with soldiers during the war years. Much of the book consists of a series

of personal anecdotes and reminiscences which S. B. would tell his children for their entertainment. These stories are well written and are full of human interest. The historical value of the book lies in its allusions to such things as the construction of houses in Virginia a century ago; the stoves which warmed the houses of that era; the attitude of Wenger's family toward secession; the clothing worn by his mother; the customs of a century ago in cooking, house furnishings, and the like. But the average reader will read the book with keen enjoyment without pausing too much to reflect on the changes in customs which it reflects. It should be added that the subject of the sketch was an older brother of A. D. Wenger, the late Mennonite evangelist and president of Eastern Mennonite School, Harrisonburg, Virginia."

SECOND BOOK BY RAYMOND YODER

Raymond Mark Yoder 38, of 1907 South Union Avenue, Chicago, pastor of the Mennonite Home Mission church has published a book entitled, "Clinton Frame Sketches." Part One written by Delton S. Schrock 29 is a good history of the Clinton Frame Mennonite congregation near Goshen, Indiana. This history originally was written as a project in an English Composition class at the College. Parts Two, Three, and Four of "Clinton Frame Sketches" are written by Raymond Yoder and present respectively the Sunday School history, the sisters' missionary society, and a biography of the late Bishop Daniel J. Johns. Part Four also was written as a project in English Composition class at the College. The writing of this paper had much to do with arousing Mr. Yoder's interest in church histories and even in church work. This work was in a sense the forerunner of Mr. Yoder's first book, "Indiana Literaries."

"Clinton Frame Sketches" is valuable because it presents source material for the study of the larger aspects of Mennonite life and history. The book is printed by the Herald Press at Scottdale, Pennsylvania, and can be purchased for fifty cents.

LIBRARIAN ON LEAVE

J. Boyd Cressman, M.A. 21, regular college librarian, has requested and been granted a year's leave for graduate study in English at the University of Michigan. He left in February. During his absence from the campus Miss Neva White 44 will have charge of the library. On Mr. Cressman's return Miss White will return to Ann Arbor to complete her training in library science.

WINS NATIONAL CONTEST

In November Harold Bauman 46, of Leetonia, Ohio, was notified by the executive secretary of the National Peace Oratorical Association that he had been awarded first place in the national contest. In the year 1944 the first prize was forty dollars. Bauman had won second place in the Indiana state contest at Indianapolis last May, but half of the judges had placed him first. This is the second time that the Goshen College orator has placed first in the national contest, Charles Ainley, of Mishawaka, having won that honor in 1939. He had placed first in the Indiana contest.

The bookstore sold fifty copies of the book during the first week it was put on sale, ordered a second fifty and promptly disposed of those, and has now disposed of practically one hundred fifty copies.

PERSONAL

Some of you alumni may be interested in knowing about a fellow alumnus who has a bit of hard luck but who is very bravely going about the job of making a living. Harold Buzzard 35, Elkhart, is practically blind, being able to sense only a little light. He is married and is the father of a son, Robert LaMar, ten months old. When the son was three months old, Mrs. Buzzard returned to her work at Penney's Store while Harold remained at home and took care of the

son. At present Mrs. Buzzard does not work away, but is at home while Harold again devotes his full time to house-to-house salesmanship. He sells a number of items, including billfolds, belts, greeting cards, and all kinds of magazines. The latter item should interest alumni especially. Most of you read magazines. THE ALUMNI NEWS-LETTER

Fiftieth Anniversary and Forty-Seventh Annual Commencement

The forty-seventh Annual Commencement and the Golden Anniversary Celebration have passed into history. On account of travel restrictions imposed by the O.D.T., the administration was careful not to influence a large number of alumni and friends to return to the campus for this historic occasion. The attendance of local alumni and friends at the various functions, however, was very good. The dining hall served three hundred fifteen meals at the annual alumni banquet, and the capacity of the gymnasium was taxed to the limit on several occasions to accommodate the large crowds present. For the sake of historical completeness, the entire program for each of the events connected with the anniversary and with commencement is given below in full.

The first event of the Forty-Seventh Annual Commencement was the Th.B. graduation program on Thursday evening, April 26, given by the eleven members of the Th.B. Class.

On Saturday afternoon faculty members and others conducted campus tours for visiting Alumni and friends.

The annual meeting of the Board of Directors of the Alumni Association was held in the Mennonite Historical Library on Saturday afternoon with thirteen members present in person or by proxy. The secretary reported that the Alumni Endowment Fund

The program for the evening was arranged by the Executive Committee of the Board of Directors. The committee in charge of arrangements and menu was Professor Olive G. Wyse, Dean Levi C. Hartzler, Dean Viola M. Good, Nelson Springer 41, and Mrs. Bertha (Shoemaker) Sieber. The committee provided turkey for the banquet with all the delicious trimmings.

Bishop Nelson Kauffman, of Hannibal, Missouri, vice-president of the Mennonite Board of Education, preached the sermon in the Sunday morning worship service on the subject, "In the Cross of Christ I Glory." On Sunday afternoon at two o'clock, instead of the traditional A Cappella Chorus program, the Mennonite Board of Education presented a program, the first in a series of the Fiftieth Anniversary Celebration. High lights of this program were the addresses by

J. S. Hartzler, of Elkhart; Bishop S. F. Coffman, of Vineland, Ontario; and Bishop D. A. Yoder, president of the Mennonite Board of Education. J. S. Hartzler was a member of the Board of Education, 1895-1918, and served as dean of the Bible School and instructor in the college for many years. He was also secretary of the Board, 1896-1906, treasurer of the Board, 1910-1916, and a member of the Executive Committee, 1916-1918. S. F. Coffman was a member of the Board of Education, 1906-1939, and served as secretary of the Board, 1929-1939. The complete Anniversary Program of the Board follows:

The College Luncheon was served in the dining hall at 12:15 to an unusually large number of alumni, visitors, and friends. Following a brief period of informal visiting, the entire group gathered in the gymnasium at two o'clock for the Anniversary Program by the College Choruses. Questionnaires had been sent to a number of former chorus members in order to determine the favorite numbers sung by the chorus during past years. The chorus was directed by Professor Walter E. Yoder. The personnel of the chorus changed from time to time as he invited past members of the chorus to come to the platform to assist in singing numbers with which they were familiar. The program follows:

The Fiftieth Anniversary Program presented by the administration and faculty of the College was held in the gymnasium at 7:30 on Monday evening. Invitations had been sent to all living former presidents of the College to participate in this program. Bishop George J. Lapp 02, of India, third president, was

unable to be present. He has been expecting to return from India for more than two months but has been delayed because it has been impossible to secure passage. H. F. Reist 04, of Premont, Texas, fourth president, was unable to be present on account of the distance. Daniel Kauffman, sixth president, died during the past year. All of the other former presidents were present and spoke briefly, giving reminiscences of their years of service to the College. Particularly interesting to the younger members of the audience was President N. E. Byers' discussion of the progress of the institution during the early years. His unaffected simplicity and frankness, as he rehearsed the interesting story of the early beginnings, won the hearts of all his hearers. The complete program follows.

ALUMNI NEWS-LETTER

The ALUMNI NEWS-LETTER of the Goshen College Alumni Association has been printed irregularly during the past two years as numbers of the *Goshen College Bulletin*.

OFFICERS OF ALUMNI ASSOCIATION

PRESIDENT: John Umble 01
 FIRST VICE-PRES.: C. P. Martin 27
 SECOND V-PRES.: Franklin N. Kornhaus x00
 SECRETARY: Silas Hertzler 13
 TREASURER: L. C. Hartzler 35

FIFTH MEMBER OF EXECUTIVE COMMITTEE

Viola M. Good 39

Entered as second class matter November 17, 1924, at the postoffice at Goshen, Indiana, under Act of August 24, 1912. Acceptance for mailing at special rate of postage provided for in Sec. 1103, Act of October 3, 1917, authorized November 1, 1924.

EDITORIAL CHAT

The printing of the **Golden Anniversary Alumni Directory** has been unavoidably delayed. It will be issued during the summer.

The Alumni Office still receives an occasional complaint that a certain alumnus is not receiving the NEWS-LETTER. Remember that if you are not receiving the NEWS-LETTER, there is only one reason—we do not have your complete mailing address. We must have your complete address—rural route, or street number, and if you live in a large city, your zone number. Otherwise your NEWS-LETTER cannot reach you promptly, if at all.

The response of alumni to President Miller's appeal for funds to build a new Auditorium-Gymnasium has been prompt and generous. Remember, however, that this is the largest project that the College has ever undertaken. The Mennonite Board of Education, realizing that this would be a large project, did not anticipate that all of the money could be raised in one year. In fact, Goshen College has already raised three times as much as the Board had hoped would be raised during the first year's campaign. Recent estimates by the architects show that at least \$50,000 more will be required for the building than was anticipated in the earlier estimate.

Alumni who have already contributed for the construction of the Fiftieth Anniversary Auditorium-Gymnasium Memorial Fund are not expected to make further donations during the current fiscal year ending August 29, but the Alumni Office hopes that all those who have not contributed since September 1, 1944 will do so within the next few weeks. A complete list of all contributors will be printed in the next issue of the NEWS-LETTER.

THE AUDITORIUM-GYMNASIUM MEMORIAL FUND

Contributions to the financial campaign of the Alumni Association to help Goshen College erect a new Auditorium-Gymnasium continue to arrive. Some alumni have been paying through this office, some through President Miller's office, some through I. E. Burkhart 25, field secretary of the College, and a few to the Business Office of the College.

The printing of the list seems justifiable for several reasons: It makes interesting reading; it assures the acknowledgment of the gift; it gives public recognition of meritorious service to the Alumni Association and to the College; and it will serve in future years as an interesting historical record of alumni participation in the growing program of a growing college—your Alma Mater.

The number of active members of the Association is increasing and the average size of the gifts is larger than last year. But, a comparison of this list with the mailing list of the NEWS-LETTER reveals that too large a number of Goshen alumni have not yet caught the idea that "Culture for Service" means rendering service to their Alma Mater so that their Alma Mater may serve future generations of Goshen College students as she has served those in the past.

The Golden Anniversary Celebration emphasized over and over that Goshen College has helped generation after generation of her students to a higher conception of both service and culture. To pass this tradition, this heritage of Christian culture, on to other young people, Goshen College needs the support of all her alumni. Her past record shows that she deserves it.

"Every Alumnus a Contributor Every Year"

Following is the list of the "Loyal Legion" who have contributed to the Alumni Campaign for a new Auditorium-Gymnasium since the last issue. The list is intended to be complete to and including May 15. If your name has been omitted through some typing error, we will be happy to include it in the next issue.

PLACES SECOND IN STATE

Elaine Sommers 47, of Kokomo, Indiana, won second place in the State Peace Oratorical Contest held at the First Friends Church at Indianapolis on Friday evening, May 4. Miss Sommers' subject was "Building for Tomorrow." This is the second year in succession that the Goshen College contestant placed second in the state contest, Harold Bauman 46, of Leetonia, Ohio, winning that honor last year and then winning first prize of forty dollars in the national contest.

Beginning in 1939 when Charles Ainley won first in the state and also first in the national, Goshen College has not placed lower than third place in the state contest except one year when Goshen's contestant ranked fourth.

CHANGING PLANS FOR AUDITORIUM

The architects for the new auditorium, Ralph Bauer and Orus Eash x38, of Traverse City, Michigan, were on the campus a few weeks ago and presented new plans for the proposed auditorium-gymnasium. On account of the expense involved in employing structural steel for a two-story building, they are recommending a one-story building containing the same amount of floor space as the earlier plan.

Under the proposed new plan, the small auditorium, a student lounge and recreation hall would be placed just south of High Park Avenue with a kitchen and classrooms at the north end and a Snack Shop at the south end. The Snack Shop would open on the main lobby of the auditorium which would run east and west with a platform at the west end.

The architects also propose a new plan of campus arrangement which would divide the facilities into three areas—"living" at the north, "instructional" in the center, and "recreational" at the south. Under this plan the proposed enlargement of the dormitories

would extend northward from Kulp Hall and from Coffman Hall. The present Science Building and Administration Building would be given over entirely to recitation rooms. An administration building would be placed between and back of these two buildings and a new science hall erected south of the present location of Coffman Hall.

In the middle of the front campus adjacent to College Avenue would be located the proposed chapel and special quarters for the Bible School. These plans, including the one for the auditorium-gymnasium, are only tentative. During the summer these plans will probably be developed still further and definite decisions made, especially in regard to the auditorium-gymnasium.

SEWING CIRCLES HELP GOSHEN COLLEGE

Miss Lois Winey 36, assistant business manager, and Mrs. Bertha Sieber and her kitchen force are highly pleased with the steam cooker which the Sewing Circles of the Indiana-Michigan Conference installed in the College kitchen at a cost of \$600.00. The steamer stands six feet high, is twenty-four inches wide and twenty-four inches deep, weighs 950 pounds, is made of cast iron, and the exterior finish is a dull blue lacquer enamel. The steamer makes it possible for the kitchen force to handle more food tasks at one time and to do it more efficiently.

The same Sewing Circles, seventeen in all, made a gift of seven thousand quarts of fruit and vegetables to the College kitchen. The largest single item was 2,675 quarts of peaches, the second largest was 1,315 quarts of apples and applesauce, and the third 1,007 quarts of tomatoes. The total number of quarts of fruits of all kinds was 4,667 and the total number of quarts of vegetables including pickles, relish, and miscellaneous items was 2,282. The College appreciates not only these very substantial gifts but also the spirit of friendly interest of which they are an evidence.

BOILERS PLACED IN POSITION

Construction of the heating plant is proceeding satisfactorily in spite of the cold, rainy weather. The excavation for the main ten-inch heating lines was completed in March. The large steam pipes and the four-inch returns have been laid south of High Park Avenue as far as the angle turning toward the Administration Building. The concrete foundations for the smoke stack, for the coal silo, and for the building proper were laid several weeks ago.

The first of the large Kewanee boilers was placed in position on May 15 and the other a few days later. The two boilers, weighing 18,070 pounds each, arrived in Goshen on a large flat car and were placed on the college siding so that they would not have to be moved more than forty feet. Walls and roof of the building will be constructed after the boilers are set.

Each boiler is ten feet high, thirteen and a half long, and six wide, and is supported six feet off the floor level by heavy iron beams. When filled with water, each boiler will weigh 39,180 pounds. Each will be fed by an Iron Fireman Stoker with a capacity of 2,600 pounds of coal per hour. The boilers will be bricked in, the space under them serving as firebox with special heavy-duty grates. They will be enclosed behind a heavy cast-iron Iron Fireman front containing the cleanout manholes and the doors for removing clinkers.

The heating plant will have a capacity double that required to heat the present buildings and with proper care should be in good working order at the centennial anniversary of the College in 1995.

The entire plant is automatic. An elevator will unload the coal from the car on the siding into a concrete silo. From there the stokers will spray the coal into the firebox. Automatic, thermostatically controlled valves will supply each building with the required amount of heat, and a special clock system will reduce the temperature during the hours when a building is not in use.

The contract for the smoke stack has been let and materials are on the way. The building should be ready for use when school opens in September. C. L. Graber, general director of building operations, deserves much of the credit for the type of construction and for the prompt delivery of crucial materials.

If we stop with the C.P.S., the church is not doing the thing that she should. NOTES FROM THE FIRST ISSUE OF THE 1940 CLASS LETTER

The class of 1940 has now joined the group of recent classes, 1938 to 1944, which handle their own news letter. The only one of recent classes which does not have a letter of this kind is the class of 1943. The first issue of the 1940 class letter has an interesting history. It began last winter when Mrs. Wilmer Schrock (Pauline Leichty) sent to the Alumni Office for the addresses of all the 1940 four-year graduates and also of the members of the class who had completed a two-year course. The result of her work is most interesting—thirty-one mimeographed pages. Practically every letter glows with enthusiasm at the idea and thanks Mrs. Schrock for her interest and her generosity. She and Mr. Schrock bore the expense of postage, paper, and mimeographing and sent the letters to their classmates as a "happy birthday" greeting on the

It is almost worth it to be seasick for ten days on a little British freighter, just for the pleasure of stepping out on U.S. soil and resuming eating and sleeping once more. It was almost like stepping out into a fairy land when landing in New York, to see all the bright store fronts, with big plate glass windows all intact—heaps of oranges stacked up—and no blasted buildings anywhere in evidence. There certainly is no cause for grumbling in this country—this

land of plenty. Were it not for the many boys away in the army and navy, we wouldn't know there was a war.

"I was amazed at the change observed in John Keith in one year's time. He grew $5\frac{1}{2}$ inches and is now a bit taller than I am; what was just as amazing was the sound of his voice, which must have dropped an octave or so. William Allan, C.P.S. Unit No. 92, Training School, Vineland, New Jersey . . . in Selective Service as a teacher in a school for mental deficient . . . "The proximity of Philadelphia gives us all of its cultural advantages and most of us are customers."

Ella Mae Hooley, Millersburg Public School, Millersburg, Indiana . . . class in biology and English . . . charge of the school cafeteria . . . spent each summer since graduation at Ball State Teachers College in Muncie . . . in 4H Club work this summer which will keep her near home most of the time.

Mrs. Robert Reist (Ruth Sieber), Falfurrias, Texas . . . one son, John Sieber Reist, two and one-half . . . "Yes, it's been an uneventful life compared with what many of yours have been but a very satisfying one. As many of you, I've had to revalue things to set things in their proper places, giving God His place more fully—trusting Him more completely."

Agnes R. Spurgeon, Box 414, Falfurrias, Texas—(the class globe trotter.—Editor.) . . . has lived and taught all over the west . . . now teaching in Falfurrias.

Frank Bishop, Dept. of Plant Pathology, West Virginia University, Morgantown, West Virginia. January, 1944—only thirteen credits left to reach the Ph.D. Draft board ordered him into the production of agricultural crops. January, 1944, appointed Extension Plant Pathologist for West Virginia and has been doing that work ever since. "By the time this letter is circulated I reckon I will be a papa. We are living in a snug apartment here in Morgantown and I am very happy. No Mennonite Church near us; so we attend a Methodist Church. We sing in choir." (Frank is a papa sure enough, but the editor does not have the name or the date.)

Frances Barnard, 658 Marion Street, Nappanee. teaching English and speech at Nappanee. Received life license this year. "By the way, have you seen the college lately with all its improvements? Progress tramples our sentimental attachments unceremoniously, doesn't she?—no more harmonizing with the wheezing clock, no more banging of library doors to break the monotony—in fact, I am so awed by the magnificence of 'ye old campus' I have to go into the gym (the only edifice retaining familiar characteristics, noticed particularly upon opening the door) in order to convince myself that this is my old Alma Mater."

(Mr. Charles' research work brought him to the campus in May.)

Mrs. Alvin Beachy (Vera Clouse), 1312 North East Street, Bloomington, Illinois. Husband pastor of a church at Normal. "We have grown to love this community and people . . . find our work highly challenging and interesting."

Virgil Gerig, 210 North Professor Street, Oberlin, Ohio . . . a second half junior at the Oberlin Graduate School of Theology . . . work extremely interesting and stimulating, but at the same time there hangs over all of us "theologs" the sober realization that we have a stupendous task in the unsettled war and postwar years.

BRIEF NOTES FROM THE 1941 CLASS LETTER

The editor is indebted to Nelson P. Springer for permission to extract the following items from the March Circle Letter of the Class of 1941, "Circle Letter No. 6."

Corp. Leonard Henard is now a radio operator, flying regular cargo and passenger runs all over India.

Clarence Hooley is educational director at the New

Jersey State Hospital, Marlboro, New Jersey. He tests blood samples for blood counts and differentials as part of his daily task.

Arnold Dietzel is business manager at C.P.S. Camp No. 52, Powellsville, Maryland.

J. Robert Kreider is educational director and his wife, Virginia, dietitian and matron at the Clear Spring, Maryland, C.P.S. Camp No. 24, Unit 4, where C.P.S. has established a Christian Workers' group.

Ivan Baumgartner is interning at Mercy Hospital, a Catholic institution in Toledo, Ohio.

1st Lt. Robert Cripe is weather forecasting at the Base Weather Station at Fort Worth Army Air Field, Fort Worth, Texas.

Elsie Eash Sutter plans to join her husband Clayton in the mountains of California when school closes at Grantsville, Maryland, on June 8.

Nancy Hernley whose address is U.N.R.R.A.—M.E.O. 8 Dar-el-Shifa, Garden City, Cairo, Egypt, has not only been working hard but has also seen parts of the East. In January she and two of the other workers took a trip to visit the tombs of the kings and other antiquities in Luxor in upper Egypt. Since then she reads "the Book of Exodus as a new book almost." In their camp of 2300 there are about 1400 children. Everyone is eager to go back to Yugoslavia. She seems to be convinced that some stories of atrocities are true. She has seen women with toes cut off and bullet holes in their legs. Families have been broken up. One little boy has only his grandmother. A little girl of twelve years tearfully handed over her little two-year-old brother to the attendants in the hospital. He was all that she had and it worried her that he was ill. On the day that she visited the camp in the desert where Grace Augsburg is, she saw 1200 Yugoslavs going home. Across the sand they walked, singing their triumphant "Tito" songs. Each one carried a roll of blankets or other possessions on his head. She closes: "You've probably read in the church papers that we were thrilled to receive the M.C.C. clothes to be distributed. We do enjoy our work. Every Sunday we gather and take turns conducting a period of worship. We miss the privilege of Christian fellowship as we knew it at home."

Harvey C. Birky is working at the Rupp Bros. Hatchery at Middlebury. Their daughter Grace is finishing her first year of school.

Nellie Esch is considering going on with her plans in college to prepare to be an X-ray technician.

Mrs. Raymond Charles (Anna Lois Bucher), having finished her four years of teaching and having her Pennsylvania permanent license, has handed in her resignation as a schoolteacher, to become effective on May 29, the last day of school. On June 1 she and her husband will move into their own little seven-room bungalow.

Orval Shoemaker boasts that he has fallen in line with all the rest of the Auroras and married a wife. They are living on a farm near Dakota, Illinois, the farm on which he was raised. He inquires if any of his classmates know where they can buy a washing machine. He fears that they must stand out in the rain to rinse their clothes.

Adeline Aschliman has been busy at the Coshocton City Hospital since last July, teaching, administrative problems, and shortage of nurses. She writes: "You schoolteachers have my sympathy. I never knew before that students were given high-school diplomas without any satisfactory foundation in arithmetic. In Pharmaceutical Pharmacology I am having to teach fractions, equations, proportion, and the metric and apothecaries' systems." With it all she is happy in her work.

Alfred Zook's earlier propensities toward philosophical reflection are being aroused by his experiences in C.P.S. Camp No. 55 at Glacier National Park, Belton, Montana. He writes: "After several years of

work without pay many of us have found new meaning in the words, 'Culture for Service.' Our experiences have had to pay dividends to compensate for other things. We have had plenty of time for thinking, which we might not have done otherwise. Perhaps we have a better understanding of the work of the church and its needs and our responsibilities toward our fellow men. The apparent uncertainty of many of the eighteen-year-old boys now being drafted has puzzled and challenged me no little bit, for the imprint of either the war or C.P.S. will be considerable for years to come. What contributions are we making to meet the needs of the church in the world? . . . Our part in the peace will not end with the war's end."

Charlotte Zehr writes from her home in Croghan, New York, that she has accepted a position at Lowville, New York, a county seat, for next year, teaching third-year English. The school has over 1000 pupils and employs forty-three teachers. She expects to spend the coming summer vacation in school in New York.

Lola Schertz, R.N., writes from Powellsville, Maryland: "Greetings from the Eastern Shore of Maryland. Camp Pokomoke is located in what is known as the Delmarva Peninsula—the part made up of Delaware, Maryland, and Virginia, as the name suggests. The camp is twenty miles from the ocean and twenty from Chesapeake Bay. This is swampy land with plenty of sand, small groves of trees, and plenty of mosquitoes. This camp was taken over by the M.C.C. from the American Friends Service Committee in November."

Mr. and Mrs. Howard J. Zehr, of Freeport, Illinois, have just received a present from their congregation. The congregation has purchased a twenty-acre plot in the country for a parsonage on rural route four.

Gertrude Mininger, of Hatfield, Pennsylvania, is teaching school and in March was busy preparing for commencement. She has eleven eighth-grade graduates, and a teacher is usually judged by the number of pupils passing the eighth-grade county tests. She is also taking two courses at Temple University. From her letter we learn that Dr. Samuel J. Bucher has been drafted and is now serving in National Health Service at the Mental Hospital at Trenton, New Jersey.

Ralph Hernley writes from C.P.S. Camp No. 138, Unit 2, at Malcolm, Nebraska, where a special school in farm and community living has been organized, that there are thirty-five men in his unit. He writes: "The special school that is located here is dedicated to the development of individuals that we hope can become leaders in our home communities. Special emphasis is being placed on the means that can be used to make our home environment more community conscious spiritually, socially, economically, and in recreation. Our class sponsor and sociology specialist at Goshen College, Dr. Guy F. Hershberger, comes here about every six weeks and conducts a class, 'The Mennonite Community.' We have lectures and discussions on agricultural subjects in addition to the knowledge of Soil Conservation obtained in the field on project work. The project is run almost entirely by the campers. This is a decided improvement over conditions in base camps and the men like it."

Mrs. Hernley (Elizabeth Sieber 39) and Rodney are spending several months in Goshen.

Gladys Weaver Becher, writing from Aberdeen, Idaho, says that the Downey group gave them a fine Easter program of music on Sunday evening, March 25. Ralph Wade 47 was the director and Joe Burkholder x41 the pianist. She met Chester Long x45 after the program but could not recognize him because he was wearing a mask on the "no-shave" pattern.

Joe H. Garber wrote from West Liberty, Ohio, on March 28: "We came to West Liberty to help my father-in-law operate his farms. His three sons have been drafted and are serving their country in C.P.S. We live on a small farm and are permitted to have

poultry and hogs for ourselves. I am farming with my father-in-law on the shares and that makes it quite interesting. We expect to raise and harvest seventy-six acres of corn, forty-two of wheat, twenty-five of oats, twenty-five of soy beans, twenty-five of hay, ten of peas, and seven of tomatoes; and take care of the following livestock: 300 turkeys, 1000 broilers, 200 hogs, ten steers, sixteen cows.

Sam and Ella May Weaver Miller write from Santiago H. Perez 641, Arrecifes, F.C.C.A., Argentina, that they were very happy to meet their Goshen College history professor in a restaurant in Buenos Aires. They also had the privilege of entertaining John E. Leatherman x28 and family, African missionaries on their way home on furlough. Mr. Leatherman was a classmate of Mr. Miller in the class of 1934 at E.M.S. They had the privilege of seeing them off on a Pan-American air liner. In the month of January the Millers spent a pleasant week and a half at the seashore. Seventeen-months-old Ernest enjoyed the water.

Paul King continues to teach history and coach the junior high basketball team on route four, Kokomo, Indiana. He and several other friends attended the lecture course at the College during the past winter. He writes that Paul Troyer and his family are now located at Denison, Iowa, in C.P.S.

A postscript added to the letter of Mrs. Robert Regier (Eunice Weaver) by her husband states: "Five hours after writing her letter Eunice went to the Wyandotte Hospital where Jane Evelyn arrived. Both she and baby are doing well."

Roman Gingerich writes from C.P.S. Camp No. 27, Mulberry, Florida, that after spending a period of service in Puerto Rico, it feels good to have the United States under one's feet again, even if it is only "this washed-over Florida sand." In spite of the sand he is enjoying the oranges. He closes: "My experience in Puerto Rico was well worth while. We need to understand our Spanish neighbors better. The work here in Polk County is also in public health but of a slightly different nature. We work more on the source of infection by working on home sanitation. Shirley is matron of the camp and we do enjoy our four-room apartment with the youngsters."

1st Lt. Charles W. Ainlay's letter to Mr. Springer from "Somewhere Across" was not written for publication, but here is a paragraph which may be included. Alumni will remember that Charles was the winner of the state and national Peace Oratorical Contest in 1939. "Only a few words about myself—I am with the 36th Division and I am 'in the fight.' I have always felt very strongly about war—its cruelty and its folly (I recall my peace oration). Now having seen it at close focus and having been 'swallowed up' in its very prosecution, I am still more convinced of the absolute necessity of finding the solution to the world's problem of wars. . . . Meanwhile my prayers are for an early end of the war and the return of the men and women of America to their homes. My greatest comfort in all of this has been prayer."

THE ALUMNI NEWS-LETTER

THE GOSHEN COLLEGE ACCREDITMENT PLAN

A LIVING ENDOWMENT PROGRAM

Perhaps the beginning of a new school year is a suitable time to call attention to some basic principles of alumni support of the College program. During the past few years the original purpose of the Accreditation Plan—to help in securing and maintaining accreditation by the North Central Association—has been overshadowed by the building program. Alumni will recall, however, that the original purpose was to supply a continuing fund by annual donations for the current expenses of College operations. State schools meet these expenses by calling on the taxpayer. Christian colleges can meet these expenses only by the liberality and generosity of those who believe in a program of Christian education.

Donations for current expenses seemed vital during the depression years because all thought of new buildings and other necessary forms of expansion were forgotten in the more immediate and pressing needs of keeping the College alive. **But this need for outside funds for current expenses dare not be forgotten even during a period of economic prosperity.** When the North Central Association granted accreditation to Goshen College, one of the major factors in the decision was the ability of the College to show that alumni, as well as the church constituency and other friends of the institution, had been contributing annually over a period of years the amount necessary to maintain a respectable College program.

This continuing support is just as essential now as it was before the beginning of the present expanding building program. The College needs approximately \$25,000.00 a year to maintain the necessary quality of instruction, to provide for the maintenance of the plant and the purchase of new equipment, to provide essential student services, such as counseling, recreation, and health maintenance, to purchase additional books for the library, and to maintain the necessary services to make the library facilities usable and accessible to the student body.

Such a program of continuing support should also provide for expansion because a larger student body requires more money for operating expenses. The North Central Association computes the amount necessary for current operating expenses on a pro rata schedule, based on the size of the student body.

Perhaps the time has come to change the name of the "Alumni Division of the Goshen College Accreditation Plan" to "Goshen College Alumni Living Endowment Plan." This would sever the current financial program for operating expenses from the idea that the Alumni Division of the Goshen College Accreditation Plan had fulfilled its purpose when the College had been granted accreditation by the North Central Association. The slogan, "Every Alumnus a Contributor Every Year," has always implied a program of systematic, annual, financial support of the educational program of Goshen College.

This "Living Endowment Plan" would mean that alumni would contribute annually a sufficient amount

of cash to equal the income from a given amount of invested endowment. A gift of \$100.00, for instance, would equal the income at four per cent from \$2,500.00 and the \$25,000.00 needed annually for current expenses would represent the income from \$625,000.00 invested at four per cent. When the North Central Association granted accreditation to Goshen College, they did so in the confident expectation that the constituency of Goshen College had sufficient interest in the institution to contribute such an amount annually.

Within the past few years, in response to the presentation of an urgent need for new buildings—the heating plant and the Auditorium-Gymnasium—the alumni have demonstrated their willingness and their ability to contribute an average of about \$20,000.00 a year. President Miller and the other administrative officials of the College, as well as the officers of the Alumni Association, feel that alumni loyalty to Goshen College will continue to express itself in substantial gifts for current expenses as well as for new building expansion.

THE FINANCIAL PROGRAM OF THE ALUMNI ASSOCIATION FOR 1945-46

CONTINUING AND COMPLETING THE FIFTIETH ANNIVERSARY MEMORIAL FUND

In discussing the financial program of the Alumni Association for the coming year, several questions arise. What has been the result of the solicitation for funds during the past few years? What has the College done with the money? What are the needs for the current year? And what part shall alumni take in the present year's financial program? Alumni and all other loyal friends of Goshen College will be interested in the answers.

In the fall of 1942, President Miller began a program of reducing or liquidating the outstanding debt of the College. During that year the alumni and the constituency of Goshen and Hesston Colleges raised approximately \$125,000.00, thus wiping out the debts of both Colleges and meeting the current expenses of both institutions for that year. Of this amount Goshen alumni were responsible for contributing approximately \$22,500.00. Part of this amount was donated for special projects and a future building program.

During the year 1943-44 the constituency raised enough money for a heating plant at Goshen, building expansion at Hesston, and again met the current operating expenses of the two institutions. The amount contributed by Goshen alumni during that year was slightly less than during the preceding year. A substantial monument to the efforts of the constituency during that year is the fine new modern heating plant at Goshen College, probably capable of handling the heating needs of the College for the next half century. This plant was completed in September.

During the past year, 1944-45, contributions have exceeded all previous figures. It was necessary to transfer from the Auditorium-Gymnasium Fund about \$1,500.00 to meet the current operating expenses not

provided by the special campaign for that purpose. It was also necessary to transfer from this fund about \$5,000.00 to complete the heating plant. Fifty thousand dollars is in the custodian's hands to the credit of the "Fiftieth Anniversary Memorial Fund for an Auditorium-Gymnasium." An additional \$21,000.00 is in pledges. Of this amount nearly one hundred percent is considered "good." In addition there is also a considerable amount in bonds. The amount credited to the Memorial Fund, about half of the estimated cost of the Auditorium-Gymnasium, is greatly in excess of the figure anticipated by the Board of Education when the campaign was launched less than a year ago.

The Financial Campaign for the Coming Year

The College is prepared to say to the alumnus who asks the question, "What are the needs for next year and what can I do to help Goshen College?" "We need \$25,000.00 for operating expenses for the coming year and we expect to continue and complete the Fiftieth Anniversary Memorial Fund." In line with the plan inaugurated last year, the College expects to raise the major portion of the \$25,000.00 for current operating expense by offerings taken in the Mennonite churches. President Miller expects that alumni will consider it their privilege to contribute liberally to this Church School Day offering for current operating expenses. He hopes also that, having contributed liberally to this offering, each alumnus will match his last year's gift to the Fiftieth Anniversary Memorial Fund for an Auditorium-Gymnasium. This should not be interpreted as denying to any alumnus the privilege of increasing his gift for the coming year if he so desires.

Alumni Campaign for 1945-46

The Alumni Office receives gifts throughout the year. Sometimes for a considerable period every mail brings a contribution and no week during the year goes by without bringing at least one or more donations from alumni, either for current expenses, for the building program, or for the printing of the NEWS LETTER. Donations for any of these funds may be sent to the president of the Alumni Association at any time.

During the next few days all alumni will receive a new bulletin, now being prepared by C. L. Graber, business manager. This bulletin will explain the revised plans for the Auditorium-Gymnasium and will give an estimate of the revised cost figures. The bulletin will be accompanied by a letter from the president of the Alumni Association explaining in somewhat more detail the financial program of the Alumni Association for the current year. President Miller has learned that Goshen College alumni are loyally interested in their Alma Mater and that without a great deal of urging they cheerfully contribute for her advancement in order to make it possible for her to serve succeeding generations of worthy young people. Without such support, the program of Christian education carried on at Goshen College would not be possible.

During the coming year Goshen Alumni will be solicited for only one donation in addition to the Freewill Offering for Operating Expense. It is estimated, however, that approximately \$1,000.00 of the amount contributed by alumni for the Memorial Fund will be needed to balance the fund for current operating expenses.

The Endowment Custodian of the Mennonite Board of Education holds in trust and has invested the \$10,000.00 in the special Endowment Fund of the Goshen College Alumni Association. The Board of Directors of the Association annually allocate the income from this fund to some special item of the College budget. It has become almost traditional to allot this income to the Goshen College Library.

ALUMNI DIVISION OF THE GOSHEN COLLEGE ACCREDITMENT PLAN

Alumni continue to take seriously their obligation to promote the financial program of their Alma Mater. Since the June issue of the NEWS LETTER was published, the following alumni have made cash donations to Goshen College or to the NEWS LETTER fund. This list is complete to and including August 31.

ALUMNI NEWS-LETTER

The ALUMNI NEWS-LETTER of the Goshen College Alumni Association has been printed irregularly during the past two years as numbers of the *Goshen College Bulletin*.

OFFICERS OF ALUMNI ASSOCIATION

PRESIDENT: John Umble 01
 FIRST VICE-PRES.: C. P. Martin 27
 SECOND V-PRES.: Franklin N. Kornhaus x00
 SECRETARY: Silas Hertzler 13
 TREASURER: L. C. Hartzler 35

FIFTH MEMBER OF EXECUTIVE COMMITTEE

Viola M. Good 39

Entered as second class matter November 17, 1924, at the postoffice at Goshen, Indiana, under Act of August 24, 1912. Acceptance for mailing at special rate of postage provided for in Sec. 1103, Act of October 3, 1917, authorized November 1, 1924.

EDITORIAL CHAT

The progress of Goshen College and the stability of the educational program of the institution are evidenced in several ways. Increasing alumni support both of the financial program and of the program for solicitation of new students is one very encouraging factor.

Equally encouraging is the growing number of students whose parents were students at the Elkhart Institute or Goshen College. During recent years also there has been a growing number of students whose brothers or sisters have been students at Goshen College. All of these elements testify to the solidity of the work done by the College and augur well for the future growth and permanence of the institution.

Interest in the College and in the College program is attested also by the increasing number of attendants and visitors at various College functions. At an earlier period in the history of the institution it was discouraging to find so few members of the northern Indiana Mennonite churches interested in the special programs or functions of the College. This condition has changed entirely. Now it is seldom possible to accommodate all of those who wish to attend such special programs on the campus. This growing interest in and approval of the work of the College by the local constituency is an indication that the opposition to education and the consequent distrust of the College, the College officials, and the College program has largely disappeared.

While these encouraging signs are a cause for gratification, they also awake in the College administration and the instructional staff a profound sense of obligation to discharge faithfully their duties and responsibilities to the young people who attend Goshen College.

1945 ALUMNI DIRECTORY

Work is proceeding on the new alumni directory and it is hoped that it can be published within the current year. It will be much more complete and much larger than the alumni directories printed in 1930 and 1935. The 1930 directory contained about eight hundred names of graduates. Publication was comparatively simple because the directory contained only the names on the alumni mailing list. The 1935 directory printed the names of graduates whose names appeared on the mailing list and a considerable number of nongraduates in addition.

In printing the 1945 directory, it has been the aim of the Board of Directors of the Association and also of the College administration to print the name of every student who has been enrolled in Goshen College. This involves the printing of the names of all the students of the Elkhart Institute and of Goshen College.

Some hundreds of names and addresses of students of the Elkhart Institute never have been included in the active alumni files. It will probably not be possible to secure the married names and the present addresses of many of the women students, but a conscientious effort is being made to secure not only the names but also the addresses of all former students.

Another feature of the new directory which has required considerable time is securing the names of non-alumni husbands or wives of alumni. At the meeting of the Board of Directors of the Alumni Association in December, 1944, when all of the directors were present, the inclusion of such a list was authorized. The list is still not complete and it may not be possible to secure all such names. The directory will be mailed to all contributing alumni as soon as it is published.

ADDITIONAL 1945 GRADUATES

At a special faculty meeting held on July 31 the following students were recommended for graduation at the end of the summer session: Willodean High of Wakarusa, Associate in Arts; Virginia Hiatt of Elkhart, Bachelor of Science in Education; Bernice Meyer of Creston, Ohio, Bachelor of Science in Education and Bachelor of Arts.

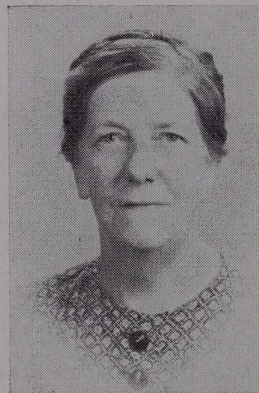

This raises the total number of degrees and certificates granted to members of the class of 1945 to seventy-seven—sixty-eight degrees, three Christian Workers' certificates, and six secretarial certificates.

ENROLLMENT FOR 1945-46

As we go to press (September 2) indications are that the enrollment will greatly exceed that of the past two years. The Registrar's Office announces that prospective enrollment of freshmen will exceed one hundred five. Twenty-two upperclassmen have transferred from other colleges and universities. It is expected that the enrollment of new students will

exceed one hundred thirty. The unprecedented enrollment of women students has made it necessary to set aside John S. Coffman Hall as a women's dormitory for the current year. Miss Anna Yordy, for many years assistant matron of the Mennonite Home Mission in Chicago, has been employed as matron in Coffman Hall. Approximately two hundred women will occupy the two dormitories.

Fifty men have reserved rooms. Thirty-two will room in North Hall, twelve in "Eighth Street House" at 1413 South Eighth Street, and six in

Miss Anna Yordy

the home of Mrs. S. H. Welty at 1504 South Eighth Street. The total enrollment of full-time students seems likely to approximate three hundred.

The twenty-two students who are transferring from other colleges and universities are transferring credits from the following institutions: Valparaiso University, Western Ontario Normal, Waterloo, Ontario, College, Messiah Bible School, Ontario Mennonite Bible School, Indiana University, Purdue University, Tri State College, South Bend Training School, University of Puerto Rico, Bradley Polytechnical Institute, Winona Lake School of Theology, Hesston College, Preston, Ontario, Retreat Hospital, Bethany Bible Training School, California State Teachers' College, University of Pittsburgh, Mennonite Training School for Nurses at

La Junta, Kokomo Junior College, Butler University, Garrett Biblical Institute, Johnson Bible College, Greenville College, Evansville College, Eastern Mennonite School, Parks College, Ball State Teachers, Northern Illinois State Teachers, Elizabethtown College, Grace Bible Institute, Moody Bible Institute, Lancaster Mennonite School, Brewster Vocational School and Stenotype Institute, Florida Bible Institute, Mountain Lake Bible School, Tabor College, Bowling Green State University, International Business College, Manchester College, Wooster College, and Bob Jones College.

Later, September 19: On this date the total enrollment of full time and part time students has reached 324. Freshmen, 100; sophomores, 72; juniors, 53; seniors, 51; fifth year (Th.B), 12; part time, 36.

DEAN KREIDER AT THE MINNESOTA WORKSHOP

Dean Carl Kreider 36, Goshen College representative in the N.C.A. Workshop at the University of Minnesota this summer, studied two particular items. He was a member of the seminar conducted by Dr. George Hill, personnel director of Macalester College at St. Paul, studying faculty and student counseling. He also participated in the curriculum seminar conducted by Dean Clippinger of Drury College, studying the problem of securing a better integration of the general education program of high schools and colleges.

NEW INSTRUCTORS

Several shifts in, and additions to, the faculty list have been announced by President Miller for the current year. Dr. H. H. Hartzler, professor of mathematics, will transfer to Bluffton College. Professor and Mrs. Hartzler rented their residence property in the country, three miles east of Goshen, and moved to Bluffton early in September. Dr. Hartzler is being exchanged for Miss Naomi Brennehan, who will teach English and American Literature at Goshen College during the present year.

Dr. Willard H. Smith, who has given several years of service to the Mennonite Central Committee as special representative to Paraguay, will resume his teaching in Goshen College at the midyear. Christine Weaver 44, who served an internship in dietetics at the University of Minnesota during the past year, has returned to the campus as dietitian and instructor in home economics. Mary Oyer 45, who has spent nearly the equivalent of an academic year at the University of Michigan, returns to the campus as instructor in music. She will teach the courses in Introduction to Music, Elementary Harmony, Sight Singing and Dictation, History and Appreciation of Music, Public School Music, High School Music, and Cello.

Miriam Stalter, who has been teaching in the grade schools of West Liberty and Elida, Ohio, for the past six years, is serving as assistant registrar. Frances Beckenbach will have charge of physical education for women. Ray Bair 47 will serve as student assistant in men's physical education.

LEAVE FOR SCOTTTDALE

Paul Erb, who has been connected with the College for the past several years, has resigned his position as Professor of English at Goshen College to devote full time to his duties as Editor of the **Gospel Herald** and other editorial and promotional activities in connection with his position at Scottdale, Pennsylvania. Professor and Mrs. Erb (Alta Mae Eby 12), have sold their residence property at 1618 South Eighth Street which they purchased a few years ago and left for Scottdale on August 30.

Both Professor and Mrs. Erb will be greatly missed on the campus. As chairman of the Division of Language, Literature, and Fine Arts, head of the English Department, and supervisor of the English clinic, Professor Erb filled a large and important place in the educational work of the institution. He was also a popular preacher and speaker.

Mrs. Erb has taught a number of classes in the department of education at various times during her residence at Goshen. Their daughter, Winifred 46, will complete the four-year elementary education course this year. Their son, Delbert, has taken a very active part in the religious, literary, and social life of the high-school group of the College congregation. He was a member of the excellent high-school quartet, and served as church usher. He has transferred from Goshen High School to Hesston College, where he is registered as a junior in the academy.

RELIEF COMMISSIONER TO EUROPE, ASIA AND AFRICA

Orie O. Miller 15, who sailed for England in June, spent the entire summer in visiting various relief units of the Mennonite Central Committee and returned home the latter part of September. He visited England, Holland, France; Cairo, Egypt; and Calcutta. He then returned to Cairo and made a trip to Tanganyika

O. O. Miller

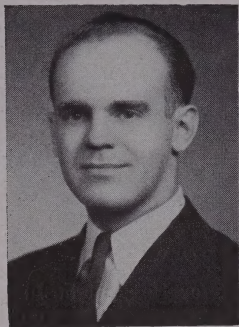

to attend the African Mission Conference. He then went to Addis Ababa by way of Cairo, then returned again to Cairo. He returned home by way of Paris and London. At Addis Ababa in Ethiopia, he assisted in starting a new relief unit which, it is hoped, may develop later into a permanent mission station under the Mennonite Board of Missions and Charities.

ESTHER WEBER GOES TO HESSTON AS LIBRARIAN

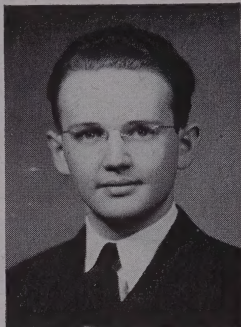

Following several years of successful library experience at State College, Pennsylvania, and at the New School for Social Research in New York City, Esther Weber 38, became librarian at Hesston College beginning in September. During the past year she has been enrolled in the graduate school of the University of Pennsylvania, working toward the Master's degree in English. After her graduation from Goshen College, Miss Weber studied for a year at the University of Illinois, completing the work for the degree, Bachelor of Science in Library Science. Her training and experience, as well as her deep interest in the Mennonite Church, should make her a valuable addition to the Hesston faculty.

RECENT ORDINATIONS

On June 24, Weyburn Groff 44, Th.B. 45, of Kitchener, Ont., was ordained to the ministry of the Gospel for the India mission field. The ordination services were in charge of Bishop Clayton F. Derstine, pastor of the First Mennonite Church in Kitchener. Also in attendance at the ordination service were President and Mrs. Ernest E. Miller 17 (Ruth Blosser 17) and

Glen Yoder

Weyburn Groff

their son and daughter, Donald and Thelma 44. Miss Miller also is under appointment for the India mission field. Mr. Groff will be a student at Princeton Theological Seminary during the first semester.

On Sunday, August 12, Glen Yoder 44, Th.B. 45, of Garden City, Missouri, was ordained a minister of the Gospel at Garden City by Bishop Alva Swartzendruber, of Hydro, Oklahoma. Mr. Yoder was ordained to serve the Mennonite congregation at Protection, Kansas.

PAMPHLET ON EARLY MENNONITE HISTORY

A few days ago the editor's attention was brought anew to a pamphlet published by Dr. C. Henry Smith of Bluffton College: "One Hundred Years Ago—An Address Delivered at the First Homecoming Celebration of the Old Partridge Congregation near Metamora, Illinois, August 20, 1940." This pamphlet should be of absorbing interest to the increasing number of students interested in Mennonite history. The thirty-two page pamphlet describes in considerable detail the founding of the Amish congregation which later developed into Metamora and Roanoke in Woodford County. It was the first Amish congregation founded anywhere west of Ohio.

CULTURAL CONFERENCE

A considerable number of Goshen alumni and alumni and students of other Mennonite colleges attended the sessions of the conference on Mennonite Cultural Problems held at Bluffton College, August 24 and 25. The sessions of the Council of Mennonite and Affiliated Colleges met in the forenoon and afternoon of Friday, August 24.

Several Goshen alumni and faculty members took part in these sessions. Roy Umbles 35, educational liaison officer of the Mennonite Central Committee, read a paper on "Educational Experiences of Men in C.P.S. and Their Significance." Dr. Paul Bender, secretary of the Co-operative Testing Committee appointed by the Mennonite College Presidents, read a paper on "The Co-operative Testing Program of Mennonite Colleges and C.P.S." The Rev. Amos E. Kreider 15, pastor of the Eighth Street Mennonite Church, in Goshen, spoke on "Evangelism on the College Campus."

Howard Charles of the M.C.C. spoke on "Presentation and Evaluation of M.C.C. Draft Status Census." Mrs. Harold S. Bender 15, instructor in English in Goshen, Indiana, High School, prepared a paper on "The Mennonite Theme in Contemporary American

Literature." Dr. Melvin Gingerich 26, professor of history at Bethel College, read a paper on "Recreation among Mennonite Youth."

These conference sessions were preceded by a meeting of the educational directors of the C.P.S. camps operated by the M.C.C. Most of the educational directors remained for the sessions of the Cultural Conference. The administrative officials and the faculty of Bluffton College proved themselves generous and genial hosts.

ALUMNUS ENDOWS SCHOLARSHIP

Franklin N. Kornhaus x00 of Oakland, California, who has retired from his extensive business connections in East Oakland, recently made one of his periodic trips to the East Coast to visit his sister and other relatives in Virginia. On his return he stopped in Goshen and paid his Alma Mater a very pleasant visit. While here, he completed arrangements to endow a scholarship to be known as the Franklin N. Kornhaus Scholarship in Public Speaking. Under the terms of this arrangement, the Board of Education will invest twenty-five hundred dollars, the income of which will be given annually to Goshen College for a scholarship to be given a sophomore or junior who has done outstanding work in public speaking during the previous year and who gives promise of continuing interest and performance in this field.

Mr. Kornhaus was a student at the Elkhart Institute during the years 1897-98 and 1899-1900. During the latter year the administration proposed that he should attend the Poughkeepsie, New York, Business Institute and return to Elkhart as principal of the School of Commerce. Not wishing to incur any debt, Mr. Kornhaus entered the field of religious education, serving for some time as secretary of the Y.M.C.A. at Moline, Illinois. His success in raising money for building projects brought him several promotions.

About thirty years ago, Mr. Kornhaus moved to Oakland, California, and entered the banking field. He was soon asked to organize the Fruitvale Branch for his bank and has seen that enterprise grow from "no deposits" to deposits of eight million dollars. He literally "grew up" with the business and commercial interests of East Oakland and has witnessed a phenomenal growth in the city and its extensive business enterprises.

Although successful in business, Mr. Kornhaus has also devoted considerable time to the religious and community interests of his adopted city. He is completing a thirty year period as superintendent of a large Methodist Episcopal Sunday School and is serving as director or board member of a number of charitable and civic organizations in the city. As a member of the Board of Education of Oakland, he helps to administer a budget of over seven million dollars a year.

Mr. Kornhaus' first wife died a number of years ago. After remaining a widower for eight or ten years, he married the present Mrs. Kornhaus who has her Masters degree from Leland Stanford University and is one of the popular departmental supervisors in the Oakland Public Schools.

WELL-KNOWN MISSIONARIES RETIRE

Bishop and Mrs. George J. Lapp 02 who have spent forty years in the American Mennonite Mission at Dhamtari in the Central Provinces of India have returned to the States and have taken up their residence in Goshen. On Sunday, September 16, they presented their church letter and were received as members of the College congregation.

They are living temporarily in the J. E. Brunk home with their daughter, Harriet 37 (Mrs. Lawrence Burk-

holder), and children. They intend to build a house in the vicinity of the College next spring. In spite of their long and arduous period of service on the mission field, both Brother and Sister Lapp are enjoying fairly good health.

Bishop Lapp served as president of Goshen College during his second furlough, 1918-19. In recent years he has been a frequent contributor to the **Gospel Herald** and the **Christian Monitor**.

EIGSTI ADVANCES TO NORTHWESTERN

Dr. Orie J. Eigsti 31, professor of plant sciences at the University of Oklahoma, where he has been a faculty member since 1938, has accepted a position as professor of botany at Northwestern University. Dr. and Mrs. (Agnes Weaver 32) and their sons, Karl and Nick, are living at 1523 Davis Street, Evanston.

Dr. Eigsti was appointed assistant professor of plant sciences when he transferred to the University of Oklahoma in 1938 from Greenville college, Illinois. He became an associate professor in 1941 and a full professor in 1944.

After receiving his Ph.D. from the University of Illinois, Urbana, in 1936, Eigsti became research assistant in genetics at the Carnegie Institution, Cold Springs Harbor, Long Island, N.Y. In addition to his teaching duties, he has been associated with the development of hybrid corn in the Mid-west since 1942 and through the university research institute was consultant in genetics for the Funk Brothers' seed company, Bloomington, Illinois.

Before this, he had been studying the effects of colchicine on plant life. Along with his research work at Northwestern, he will maintain his relationship with the Funk Brothers' company.

DR. YODER TO PRACTICE IN GOSHEN

Purchase of the office and residence property of the late Dr. W. B. Page at 214 East Lincoln Avenue by Dr. Jonathan G. Yoder 27, missionary on furlough from India, adds another to Goshen's growing list of physicians and surgeons. For several years during the war Goshen's doctors were greatly overworked.

Dr. Yoder expects to spend most of his furlough of one and one-half years practicing medicine. At present Dr. and Mrs. Yoder (Fyrne Miller 30) and family are living with Mr. and Mrs. Jesse Smucker at 1123 South Eighth Street. As soon as the S. J. Hostetler family leave for India, the Yoders will occupy the property owned by C. L. Graber at 1301 South Eighth.

RELIEF TRAINING SCHOOL

Lulu Smith 27 was a member of the relief training school conducted at the College, September 12-29. Miss Smith has volunteered for relief work in Holland. Other members of the unit are under appointment for Holland, England, and France, but a few hope eventually to do relief work among the Mennonites of Germany.

At Goshen the group received intensive training in Spiritual Life interests and M.C.C. Policies, Mennonite History and History of Mennonite Relief, Principles of Relief, Psychology of Christian Living, and French. After two and one-half weeks in Goshen, the group received further training at M.C.C. Headquarters in Akron while they were awaiting passage to Europe.

Instructors in the training school at Goshen College were P. C. Hiebert (Mennonite Brethren), chairman of the M.C.C.; Joseph N. Byler, director of the relief section of M.C.C.; Ernest E. Miller 17, director of M.C.C. relief training; H. S. Bender 18, assistant secretary of M.C.C.; and Lois Gunden 37, instructor in French and former relief worker in France.

Members of the unit in addition to Miss Smith are: Cornelius Dyck, of Laird, Saskatchewan; Marie Ediger R.N., of Buhler, Kansas; John Fretz, of Kitchener, Ontario; Siegfried Janzen, Beamsville, Ontario; Emma Loewen, Steinbach, Manitoba; Cleo Mann, Elkhart, Indiana; Charlotte Regier, North Newton, Kansas; Delmar Wedel, Aberdeen, Idaho; and Harry Willems, Waldheim, Saskatchewan. Ruth Hilty, of Pandora, Ohio who has been employed by M.C.C. for the past year joined the unit at Akron.

The following Mennonite branches are represented in this group: Mennonite (Old), Mennonite Brethren, and General Conference. The reason for the disproportionately large number of Canadian young people in this group is that the Canadian government has released C.O.'s from the draft permitting them to be employed in foreign relief.

They will return to the campus at the beginning of the second semester when Mr. Yordy will resume his work for the Th.B. degree.

On June 10 at the Bellevue Church near Peoria, Illinois, John Detwiler 43, of New Wilmington, Pennsylvania, and Lois Burck x44, of Albany, Oregon, were united in marriage. Kenneth Geiger, pastor of the church performing the ceremony in the presence of three hundred guests. The matron of honor was Mrs. Lois Stump, twin sister of the bride. Both are graduates of Goshen High School. The bride was graduated from Elkhart Business College and has been employed as a secretary in the Penn Electric Company. Following his freshman year in Goshen College, Mr. Moyer was called into C.P.S. The couple reside in Ypsilanti, Michigan, where they are employed in the State Mental Hospital.

Blair of Irwin, Iowa, in a wedding ceremony at the First Presbyterian Church on Sunday, June 10, the Reverend Trevor V. D. Dillon officiating. For nine months prior to the date of the wedding Lt. Blair had served as army inspector at the Goshen Milk Condensing Co. He was graduated in 1943 from Iowa State College with the degree, Doctor of Veterinary Medicine. Following the ceremony Lt. A HISTORICAL POEM

The fiftieth anniversary celebration has passed, but the following poem written by J. B. Smith, first president of the Elkhart Institute Literary Society, seems to "belong" to the celebration. The poem is a part of an important collection of materials preserved by Phoebe Mumaw Kolb, widow of the late A. C. Kolb, first secretary of the Institute, and daughter of Dr. H. A. Mumaw, the founder. The poem was written soon after the beginning of the Institute when the school was still being conducted in the G.A.R. hall on Main Street, Elkhart.

The Elkhart Institute

J. B. S.

Among the institutions of our land
That take a noble, elevated stand,
Is one which has for all a warm salute,
The newly founded Elkhart Institute.

For full a year the rumor round us spread;
And, after we the good report had read,
We eagerly looked forward to the day
When Elkhart should be favored in this way.

Our faithful doctor, whom you all well know,
His vim and earnestness now kept aglow;
He steadily pressed on his prize to find,
While buoyant aspirations filled his mind.

You need not come and ask the reason why;
For, with his thoughtful and prophetic eye,
He seemed to have a foresight, and could read
That all his plans most surely would succeed.

One day in the fall of eighteen ninety-four,
The events of which we cherish more and more,
The welcome invitation round was sent,
That all the opening meeting might attend.

A goodly number heeding to the call,
Bespoke a brilliant future to us all;
And, having seen the talent there displayed,
We judged the doctor's efforts well repaid.

Among the sages whom we did espy,
Was one with youthful, but judicious eye;
We wondered anxiously who this might be
That seemed so energetic, wise, and free.

Then, asking an acquaintance, "Why," says he,
"That's Mr. Hosmer, Principal, you see";
And we, beholding him so shrewd and brave,
Felt sure the school would never see its grave.

The G.A.R. became our early home;
And here awhile we had abundant room;
'Twas furnished in the necessary way,
And served the purpose well for many a day.

And now, as the foundation stone was laid,
And the required preparations made,
We soon observed the students drawing near,
To share the fortunes that are given here.

The doctor, realizing well the need
Of one who would in Penmanship succeed,
Selected from the many teachers fair,
Mr. Lhamon,—to take the Commercial Chair.

Provisions now were made to fill the call
Of those who wished to 'tend the Music Hall;
And Mr. Kolb, with his great gift of song,
Soon gathered round him quite a lively throng.

The movement proved to be a marked success,
For daily we could see the school progress,
As, from the North, the South, the East, the West,
The students came to do their very best.

The enterprising students soon did find
They needed something else to train the mind,
And so one day the announcement came to all
That they should meet one evening in the hall.

The meeting we remember, and its worth,
From whence the Literary took its birth,
For now we put to practice what we learn,
And find ourselves more able to discern.

The school kept ever on its upward march;
The G.A.R. is filled from arch to arch;
Again another teacher we must have
To help our faithful ones the lessons give.

With hearts of gladness, triumph, and good cheer,
We look upon the Institute's career;
And though we find it yet in youthful days,
We love and cherish it with greatest praise.

Oh, G.A.R.! We'll soon bid thee adieu,
And search for quarters beautiful and new;
But we remember thee, and well we should,
The good old home of the Elkhart Institute.

Our Institute! We wish for thee a bright career;
And may thy friends increase from year to year,
Until thy power be felt o'er all the land;
Thy virtues be o'erspread like grains of sand.
May fortune open wide her gates to thee,
As onward thou dost sail on life's broad sea;
And when these students lie beneath the sod,
Mayst thou still live—an honor to their God.

J. B. Schmit, St. Jacobs, Ontario.

THE ALUMNI NEWS-LETTER

HOME-COMING 1945

The 1945 Home-Coming season extending from Thursday, November 22, to Sunday, November 25, brought to the campus the largest number of Home-Comers ever to visit the campus for this annual festival. Among those who made the longest trip were Mr. and Mrs. Lester Reeser (Elma Shoup x44) and Mary Ellen Shoup x43, of Los Angeles; David Shank x46, of Poughkeepsie, New York; Ernest Shank x44, of Mulberry, Florida; and Ralph Hernley 41, of Malcolm, Nebraska. The dining hall management had arranged places for five hundred guests and nearly all the places were taken.

The Home-Coming began officially with the Thanksgiving Service on Thursday morning at 11:00 o'clock. President Ernest E. Miller preached the annual sermon on the text, "And let them sacrifice the sacrifices of thanksgiving, and declare his works with rejoicing." The auditorium was filled with students and their guests. Mr. Arthur C. Gingerich, of Wellman, Iowa, furnished the usual liberal supply of turkey for the Home-Coming dinner.

The theme of the program following the dinner was based on the song, "Come, Ye Thankful People, Come." Speakers were Orval Shoemaker, of Dakota, Illinois, member of the Class of 1941; Dr. C. Richard Yoder, M.D., of West Liberty, Ohio, member of the Class of 1937, who returned recently from a two-and-one-half-year period of service in relief work in Egypt and Palestine; Mrs. Emanuel Hertzler, formerly Myrtle Schnell, of Orrville, Ohio, member of the Class of 1938; and President Miller, who is also an alumnus, member of the Class of 1917.

Musical numbers were a contralto solo by Mrs. John T. Sharp, the former Juanita Lark, of Chicago, member of the Class of 1943; and a baritone solo by Albert Buckwalter, attendant at the Alexian Brothers Hospital in Chicago, a member of the Class of 1944. The program closed with group singing of the College song led by Professor Walter E. Yoder, member of the Class of 1933. Roy Umble, of Akron, Pennsylvania, member of the Class of 1935, was toastmaster.

The annual concert by the A Capella Chorus, under the direction of Professor Walter E. Yoder, was given on Thursday evening before a capacity audience in the gymnasium. Every available seat was taken and a considerable number of people were turned away for lack of room.

In order to give Home-Comers an opportunity to visit classes on Friday, regular classes were held from 7:50 to 2:10. The regular chapel service gave way to a special program prepared by Dean Carl Kreider 38. Speakers at the program, featuring the Civilian Public Service, relief and missionary activities of the Mennonite Church, were Ralph Hernley 41, of Malcolm, Nebraska; Dr. C. Richard Yoder 37; and Dr. Jonathan G. Yoder 27, of Goshen.

The Educational Club, sponsored by Professor Mary Royer, held a reunion in Adelphian Hall at 1:20.

On account of the inclement weather and the prevalence of colds and flu the annual football game between the Auroras and the Adelphians scheduled for Friday afternoon was canceled.

In the evening, Canfield Cook, of New York, presented his lecture, "Revolution in the Air," to a capacity audience in the College gymnasium.

The Saturday events included the annual basketball games between the alumni and varsity. The varsity women proved too much for the Home-Comers in the women's game, coming away with the heavy end of a score of 18-11. In the men's game the Alumni turned the tables on the varsity, defeating the youngsters by a score of 43-39.

The Home-Coming exercises closed formally with a musicale on Saturday evening. Margaret Detwiler 43, Mary Oyer 44, and Carolyn Weaver 46, all of Goshen, opened the program with the first movement of Schubert's Trio in B flat Major. Charles Burkhardt of Goshen, played two Chopin numbers on the piano. Mrs. Duane Blough (Dorothy Shoup 46) and Don Berry 47, of Goshen, played a clarinet duet. John Howard Yoder 49, of Wooster, Ohio, sang three baritone solos. The program closed with two numbers by the Penn quartet.

Many of the Home-Comers remained for Sunday school and church services on Sunday morning. In the morning worship service, Dean Harold S. Bender 18 preached on the text, "Be thou faithful unto death." In a Vesper Service at 3:00 o'clock, Dr. C. Richard Yoder 37 gave an interesting and highly informative address on his two years of relief work in the Near East. The Collegiate Chorus under the direction of Miss Mary Oyer 44 presented several numbers.

One of the pleasant features of the annual Home-Coming this year was the large number of C.P.S. men and women who were in attendance. The following attended the Home-Coming banquet on November 22: Howard Blosser 39, Mr. and Mrs. Paul Blosser x42 (Herma Hostetler x43), Albert Buckwalter x44, Mr. and Mrs. Lester Culp x42, Mr. and Mrs. Ralph Hernley 41 (Elizabeth Sieber 39), Mervin Hostetler x44, Mr. and Mrs. Daniel Kauffman x44, Paul Leatherman 44, Ralph Lehman x44, John Martin x46, Samuel J. ALUMNI DIVISION OF THE GOSHEN COLLEGE ACCREDITMENT PLAN

Alumni response to the appeal for "continuing and completing the Fiftieth Anniversary Memorial Fund" is satisfactory in some respects. Alumni who have contributed in former years are continuing their contributions and many of them are giving increasing amounts. S.O.S.

Instead of the usual "Editorial Chat," the editor wishes to use this space for a loud, piercing, slumber-destroying S.O.S. in regard to the contributions to the Fiftieth Anniversary Memorial Fund for building an auditorium-gymnasium. It is true that appeals for funds are numerous and urgent—relief, new Mennonite hospital, missions, local funds of various kinds. All of these have a just claim. HOWEVER, NO ONE UNDERSTANDS THE NEEDS OF A PRIVATELY OWNED EDUCATIONAL INSTITUTION AS WELL AS THE STUDENTS WHO HAVE ATTENDED THAT INSTITUTION AND NO ONE HAS SUCH A DIRECT OBLIGATION TO SUPPORT THE WORK OF THE INSTITUTION AS THIS GROUP WHO HAVE PROFITED BY ITS INSTRUCTION AND WHO OWE THEIR FOUNDATION FOR SUCCESS TO THE WORK OF THAT INSTITUTION. THIS CLAIM FOR FUNDS IS A JUST ONE, ALUMNI. You have never before had an opportunity to make a contribution that will mean so much for the efficiency and the enlargement of the work of your Alma Mater. Send that contribution now, only one dollar if that is all you can give. This S.O.S. is addressed to the fifteen hundred of you who have never made a contribution to Goshen College. We are confident that you will show your gratitude and your interest in this institution now by sending a check by return mail.

"EVERY ALUMNUS A CONTRIBUTOR THIS YEAR."

SECOND SEMESTER ENROLLMENT PROSPECTS

According to records in the office of Dean Carl Kreider, the present prospects indicate that the sharp upturn of student enrollment will continue for the second semester with an increasing number of men. During the present semester two C.P.S. men and four veterans are enrolled in the College. Dean Kreider estimates that at least another dozen who will be released by Selective Service will enter at the beginning of the next semester. These men seem to be interested in premedical, predental, and pre-engineering courses. There is also an increasing demand for courses in business administration.

It seems likely that instead of soliciting students during the coming year, it will be necessary to restrict the enrollment in order not to overload the facilities of the College. This is quite a change from conditions a few years ago when field men practically begged students to enroll in college and offered inducements in the way of scholarships and student employment.

FIRST SEMESTER GRADUATES

The following have completed the academic requirements for graduation and are eligible for degrees after the first semester: Mrs. Hugh Espy (Mary Ruth Zook R.N.), of Goshen, B.A., natural science for nurses; Doran Hershberger, Walnut Creek, Ohio, B.A., mathematics; Avanelle Perry, Bremen, B.S., education; Richard Reilly, Pandora, Ohio, B.A., Bible; Clifford Snyder, Kitchener, Ontario, B.A., Bible; Abe Wiebe, Mountain Lake, Minnesota, B.A., Bible. Doran Hershberger, Richard Reilly, and Abe Wiebe expect to continue their work at Goshen College next semester. Mrs. Espy is awaiting the release of Dr. Espy from the armed forces. Avanelle Perry is employed to teach the fifth grade in the Wakarusa public schools beginning in January. Clifford Snyder is under appointment as a missionary to South America.

GROWING INTEREST IN ANNUITIES

During the past few months several friends of the College have taken out annuities in rather large amounts. C. L. Graber, business manager, announces that the total amount of such annuities in recent weeks is fifty thousand dollars. These annuities strengthen the financial standing of the College.

Friends of Goshen College who wish information regarding such gifts should correspond with President E. E. Miller or with C. L. Graber, business manager. An annuity guarantees a stated income to the donor during his lifetime. Vital statistics of life insurance companies prove that an annuity is an almost certain method of prolonging life, whereas certain forms of life insurance tend to shorten the period of life expectancy.

Lapp 02, A.B., M.R.E., director of the correspondence department of the Goshen College Bible School, has prepared a neat little folder advertising the offerings of the newly reorganized department. NEW CASHIER OF ELKHART BANK

C. P. Martin 27 was elected cashier and trust officer of the First Old State Bank of Elkhart on November 5 following the sudden death of the cashier of the institution. Mr. Martin has been connected with the bank since 1927. From that date to 1934, he rose from bookkeeper to assistant cashier. Since April, 1934, he has also been manager of the First State Insurance Agency, Inc. He is a partner in the firm of Bickel and Martin of Goshen, dealers in Hudson automobiles. He is also a member of the Elkhart Chamber of Commerce and of the Kiwanis Club.

Mr. Martin was married to Erma Schertz 32, of Metamora, Illinois, on September 29, 1937. They have two children, Janet S., 7, and Robert Wendell, 5.

Mr. Martin has been prominent in the work of the Alumni Association of Goshen College. He has been a member of the Board of Directors continuously since his graduation, was elected treasurer of the organization in 1930 and served in this position until he was elected president in 1938. He served as president from 1938 to 1942 when he was elected vice-president. He has served on the Executive Committee of the Board of Directors continuously from 1930 to the present time.

HALLMAN PROMOTED

A. P. Hallman 31 has been elected a member of the Board of Directors of the Miller-Hess Company, manufacturer of shoes, at Akron, Pennsylvania. Mr. Hallman has also been given charge of sales promotion. In this capacity, he succeeds Orie O. Miller 15 under whose management the business has been greatly extended during recent years. It is the policy of the company not to bestow titles on its employees, but Mr. Hallman's position is equivalent to sales manager. He has been in the employ of the company ever since his graduation from Goshen College. Mr. and Mrs. Hallman (Esther Yoder 32) live in Akron.

DR. MARTIN RETURNS TO GOSHEN

Capt. F. S. Martin 29 received his release in October. Following his release, he and Mrs. Martin (Alice Gerig x31) motored to the state of Washington to visit Dr. Martin's mother, Mrs. Ada Martin, and his sister, Catherine, Mrs. Erle C. Hutchison 27, at Sumner, Washington. On December 1, Dr. Martin resumed his practice in his office at 127 East Lincoln Avenue in the business block which he purchased a number of years before leaving for the service. Dr. and Mrs. Martin are living in the country residence on rural route five, one-half mile south of Goshen, which they purchased shortly before the beginning of the war.

DR. FOREMAN RESUMES PRACTICE

Dr. John W. Foreman x33, first Goshen dentist to leave for service after the declaration of World War II, has been released by the Navy and is resuming his practice in his offices in the Shoots Building. He held the rank of Lieutenant Commander at the time of his release. Of his forty-three months in service, twenty were spent in the Pacific Navy Construction Battalion. Dr. Foreman and his wife, the former Peggy Black, of Fargo, North Dakota, are living at 202 South Seventh Street.

DR. HOSTETLER BUYS OFFICE BUILDING

Dr. C. M. Hostetler 34 has purchased a two-story building at 301 East Lincoln Avenue, Goshen, and moved his office to that address shortly after December 1. The building, located across the street from the Post Office, has been extensively remodeled and a heating system installed. The second floor is used as an

apartment. Dr. Hostetler had been occupying the office of Capt. Floyd S. Martin 29, recently discharged from the Armed Forces.

RETURNS FROM MEDICAL RELIEF SERVICE

Dr. C. Richard Yoder 37 arrived at Halifax on October 27 after a trip from England on the H.M.S. "Queen Mary." Dr. Yoder accepted appointment under the M.C.C. for relief work in the Near East in 1943. When M.C.C. loaned him to U.N.R.R.A., he was stationed in Egypt and has served at both Tolumbat and El Shatt. During most of this period he was the only medical officer for some thousands of Yugoslav refugees. He also assisted in returning these refugees to Yugoslavia. He was a member of the group which made the trip that cost the life of Marie Fast, another relief worker, when their ship was sunk by an explosion off the coast of Yugoslavia. Dr. Yoder was present at Home-Coming and was one of the toasters at the alumni banquet.

Soon after his return to the States, Dr. Yoder applied for a position as Resident in Pediatrics at the Bobbs-Roberts Memorial Hospital affiliated with the University of Chicago medical school. Although there was no vacancy, his application was accepted. He was urged to begin work immediately and was offered time off to spend Christmas at his home at West Liberty, Ohio. The appointment is for two years.

NEW MENNONITE HOSPITAL

Solicitation for the new Hospital and School of Nursing goes steadily on. Following is a partial schedule of a number of brethren in the field the latter part of November: Loren King 31, Ohio; Clayton Graybill, Iowa; Laban Swartzendruber, Indiana; Allen Ebersole 30, Dakota and Montana; J. J. Hostetler 46, Central Indiana; E. C. Bender, Indiana and Ohio; J. D. Graber 25, Indiana and Ohio.

The total cost of the hospital, nurses' home, and heating plant at Elkhart and dormitory space for young women in training at Goshen College will be approximately seven hundred and fifty thousand dollars. The board plans to erect a hospital of one hundred and twenty-five bed capacity—the minimum capacity for a recognized training school for nurses.

The following article by Dean Carl Kreider in a recent issue of the *Gospel Herald* presents the significance of this program for Goshen College.

"In the field of nursing, as elsewhere, sound preparation is very important. The various state governments of the United States have recognized this for a number of years and have passed laws that provide for registering as trained nurses only those who have at least three years of nurses' training and who pass certain state examinations. Many young women desiring to enter the nursing profession, however, have felt that some college work is desirable along with the hospital experience. For several years, Goshen College has had an arrangement with the La Junta Hospital whereby girls who had two years at Goshen and three years at La Junta could receive the B.S. in Nursing degree. Other girls have earned a Goshen baccalaureate degree by taking college work after they have finished training.

"Colleges that are located near good hospitals, however, usually prefer to form a collegiate school of nursing and give a nursing degree only for a completely integrated program of college courses and nurses' training. By carefully planning the course of study so that there is no duplication between what is taught in college and in the hospital, the total time required is reduced from five or six years to four years, including summers. Goshen College is happy that the Mission Board has decided to build a completely modern hospital sufficiently near Goshen to enable us to co-

operate in the formation of a Collegiate School of Nursing.

"During the first year of the four-year program the student will take courses in general education. If she decides she should go on with nursing, her first year will give a solid foundation upon which to build such nursing subjects of the second year as bacteriology, anatomy, physiology, and nutrition. At all times during her attendance at Goshen College and at the Mennonite Hospital in Elkhart, she would be in the finest type of Christian environment, with full privileges of participation in the local missionary projects and the many other opportunities for Christian service and experiences."

"The particular task which has been assigned to me is the rehabilitation of some three hundred Christian fishermen near the village of Kaligram in Faridpur district, Bengal. This is in a 'bil' area and is under water for six months of the year and hence makes a good fishery. The people live on small islands and their only means of transportation is boats. There are many good rice fields in this area, but most of the Christians own very little land; so they have to make their living by fishing. The fish market is very good in Bengal at present and fishermen can make good wages provided they have boats and nets. During the famine, and because of the 'denial policy' of the government, many lost their boats. Also because of the cloth scarcity and limited supply of yarns the fishermen have been unable to make new nets for three years. What few nets they do have are torn and rotten. . . . The Christians have a very difficult time to secure any rationed supplies and it was in this matter that I could be of most service to them. After two days at the subdivisional offices I finally managed to get permits for two bales of yarn (approximately 800 pounds). . . . We have permits for timber; so we will begin building boats. . . . I find that their biggest need is not money but leadership and help in organizing, securing permits, etc."

Alfred G. Zook, C.P.S. Camp No. 53, Belton, Montana. "Fifty-nine men transferred here from the east for the fire season . . . In September . . . happy to meet at least ten of our classmates . . . camp directors conference at Colorado Springs, Colorado . . . visited Wade and Marion Jones and Gladys Weaver Becker and families. . . . Most of our evenings occupied with teaching or being a pupil in Bible study classes. Plan to visit C.P.S. units at Staunton and Grottoes, Virginia, as well as E.M.S. where my sister-in-law is in college."

Ethel Zook, 902 Bellevue, La Junta, Colorado. "Supervisor and Instructor in Surgical Nursing at the Mennonite Hospital School of Nursing . . . nineteen students in the freshman class. . . . Ralph Hernley, C.P.S. Camp No. 138, Unit 2, Malcolm, Nebraska. "The longer I am in C.P.S. the more feeling I have that this program will have some very profound influences on our churches that are not

visible at present. Perhaps the outstanding one will be a conception of a need for each member of the church to give a year of service right after high school or college to help those in need throughout the world. The true test of our sincerity will be when we volunteer our services in a constructive endeavor during peacetime when there is no compulsion behind the service."

Charlotte Zehr, of Croghan, New York, attended summer school at Columbia University. She is teaching home economics in Lowville.

Adeline Aschliman, R.N., left Coshocton City Hospital on August 15, and began work as Director of Nurses and of the School of Nursing at the Alliance City Hospital on August 18. Doris' (Mrs. Royce Engle's) old job . . . teaching two courses in elementary education, principles of arithmetic, and principles of teaching . . . the environment is quite different from what I have been accustomed to in public schools. Every once in a while I tell myself that life just isn't like this—at least, it isn't when one gets away from a Christian atmosphere and environment."

Howard J. Zehr, rural route four, Freeport, Illinois. "Life has certainly been different since the last letter we wrote for the class. We have moved to rural route four and we are thriving on homemade butter, plenty of fresh milk, no eggs yet, getting ready for a fresh porker."

The card Mr. Springer sent to Dr. Ivan Baumgartner made a long trip before it reached him in early November at the Atlantic Overseas Air Technical Service Command, port of Newark, New Jersey. It went first to Mercy Hospital, Toledo, Ohio, then Army Air Force Overseas Replacement Depot, Kearns, Utah, then to the Medical Field Service School, Carlisle, Pennsylvania, then to War Department Personnel Center, Fort Devens, Massachusetts, and finally caught up with him at Newark.

Leonard Henard, flight radio operator, was on his way to Dum Dum Air Port in Calcutta for a permanent change of station when he wrote on October 27. He hoped to get his orders in December "in time to be on the boat by January 1 and out of the army in February. Not a minute too soon!" After his return he may do graduate work in English at the University of Colorado.

The closing letter is by Mr. Springer himself whose two pages of college news is a masterpiece in comprehensiveness and condensation; so much so that it made the editor of the NEWS-LETTER almost envious.

Goshen College - Goshen, Indiana

Entered as second class matter, November 17, 1924, at the postoffice
at Goshen, Indiana, under act of August 24, 1912. Acceptance
for mailing at special rate of postage provided for in Sec. 1103,
Act of October 3, 1917, authorized November 17, 1924.

Enrollment Trends

In common with other colleges of the country, Goshen College is experiencing this year a marked increase in enrollment, so much so that the current enrollment at Goshen College is the largest fall enrollment in the history of the institution. This fact is made the more striking when we note that this record enrollment is three-fourths women students, when normally men and women were equally divided on the Goshen College campus. In other words, the current number of women students is about fifty per cent above that of the previous peak enrollment. If the present attendance of women students continues, and an equal number of men students enroll after men are free from government service, the total Goshen College enrollment will be fifty per cent above the former peak.

The previous peak enrollment occurred in the year 1937-38. In addition to the fact that the proportion of men students has dropped from about fifty to twenty-five per cent, a number of other comparisons between the two years are of interest. Significant among these is the proportion of upper to lower level students, which has increased from twenty-six per cent to forty per cent of students above the sophomore level, meaning that a larger proportion of students are continuing their college education to the third and fourth years and to graduation with a degree. In fact, the present increase in enrollment is more than accounted for by upper class students, since the freshman and sophomore enrollments are smaller than they were eight years ago.

With the increased emphasis of the past few years on the Bible School program, there has been an increased interest in the Bible School offerings. This year about half of the seventy men in the college are enrolled in the theology curriculum, leading to the Th. B. degree after five years of study. The total Bible School enrollment of about fifty is double that of two years ago, and triple that of three years ago.

The Mennonite students are more in number than last year, but the proportion of Mennonite students is slightly lower than for the past few years, with seventy-one per cent Mennonites this year compared to seventy-three and seventy-five for the two previous years. Students coming from states other than Indiana are mostly Mennonites. A comparative study of enrollment by states reveals some interesting trends in attendance at Goshen College from the more distant Mennonite communities. Ohio remains second to Indiana in number of students, with no significant change over the past four years. Pennsylvania is third and shows a slight but significant increase from thirty-five to forty-eight students over the four year period. Illinois has not quite kept up with the general trend in enrollment and actually shows fewer students than in 1942-43. Ontario has come forward to fifth place, partly because several men were this fall able to be released from government service to attend college.

The intended occupations of freshmen is again of considerable interest. Teaching is attracting fewer entering students. The decrease seems to be principally in high school teaching, since the education curriculum for elementary teaching contains the same number of freshmen as a year ago. Religious work as an occupation shows a marked increase in the interest of freshmen. This increase is not accounted for by entering theology students, since the number of theology freshmen is about the same as a year ago. Students in other curricula of the Bible School, and also in the Liberal Arts College, have chosen religious work as an occupation. Nursing shows a small increase in numbers, continuing the relatively large number of a year ago. No doubt, with the inauguration of the proposed nursing education program in cooperation with the Mennonite hospital to be built at Elkhart, the number of nursing students will show an additional substantial increase. Medicine and business each show a slight increase over last year, but should show larger increases when men return to college. Again, there are no future farmers among the freshmen. It is hoped that the return of men will bring some prospective farmers.

Tables are printed showing various comparative enrollment figures, both for the current year and for the past years, including curriculum, sex, church membership, intended occupation, and geographical distribution.
